

Looking for a Title Or Hot Controversy? See Knights of Malta

The Problem Is Which Ones;
Catholic Order Maintains
Rival Groups Are Bogus

By ALIX M. FREEDMAN

Staff Reporter of THE WALL STREET JOURNAL
NEW YORK—Escorted by a bagpipe band from Long Island, Prince Khimchilachvili ascends the altar of Christ Church on Manhattan's Park Avenue.

Monocle and medals bobbing, he rattles off chivalrous vows. Then the diminutive sovereign, who traces his lineage back to Count Dracula, taps his sword on the shoulders of Olympic figure skater Robin Cousins, actress Lynn Redgrave, Mahatma Gandhi's great-grandnephew and dozens of others, dubbing them all Knights of Malta. Anointed in absentia: actor Gene Kelly.

For most Americans, presiding over a knighthood ceremony would be quite a thrill. But this annual investiture ceremony is merely noblesse oblige for the 74th reigning Grand Sovereign Master Prince Khimchilachvili, duke de l'Elisen, peer of the House of Anjou and holder of a number of other titles as well. The former public-relations man, who used to go by the name Robert von Badische, has transformed many a commoner into a count or a baron.

An Ecumenical Offshoot

The prince claims to head an ecumenical, American offshoot of the Roman Catholic Knights of Malta. The Catholic group, which now has 10,000 members, was founded in the 11th century to tend sick pilgrims in the Holy Land and became a religious order by order of Pope Paschal II in 1113. In its early years, all knights were of noble birth and took vows of poverty, chastity and obedience. Today, the knights must be Catholic and, according to an official, must "exemplify adherence to the principal purpose of the order"—active engagement in service to the poor and those in need of medical care.

Officials of the Catholic order say that Prince Khimchilachvili is a pretender and that his order of about 1,400 members is spurious. They also say that 18 or so other Knights of Malta orders, many of them in the U.S., are just as bogus. "The activities of these spurious orders are creating a false impression about the basic concern and purpose of the genuine order," says Howard A. Seitz, the chairman of the Spurious Orders Committee of the Knights of Malta's American Association in New York.

Ms. Redgrave declines to get involved in the dispute. "It was a nice ceremony," she says, "but it's not something I feel I have enough knowledge to be able to expound on." Prince Khimchilachvili declines to be interviewed. His ambassador plenipotentiary, Sir Victor Rees, suggests that this reporter get information about the knights from the Catholic order or an encyclopedia.

Role of Czar Paul I

Some of the controversy can be blamed on Czar Paul I of Russia. In 1798, just after Napoleon conquered Malta and the knights fled the island, the czar established a new grand priory of the order in Russia for non-Catholics. Some historians say that the priory was promptly abolished by Czar Paul's son, Alexander, but Prince Khimchilachvili and a lot of others claim legitimacy from it.

To join the Catholic order, candidates have to be approved by their local bishops and by the group's top officials in Rome. In return for an initiation fee of \$1,500, they receive a Maltese cross on a black silk ribbon and the right to stick the letters K.M. after their names. They don't get any titles before their names.

Experts attribute the appeal of the offshoots to the American urge to social climb. "There is a big underworld of chivalry made up of people who couldn't normally be accepted into an order but who have snobbish pretensions," says Robert Gayre, a Scotsman who studies titles and orders.

He doesn't believe that all rival Maltese orders are spurious. But he isn't altogether sure which are legitimate. "People who

are in proper orders behave in a gentlemanly way," he says vaguely.

The controversy over who the real knights are has set some chevaliers at it in court. Two factions of an order based in Shickshinny, Pa., are feuding over which one can rightfully use the name Sovereign Order of St. John of Jerusalem Inc., Knights of Malta. The case is pending in a federal court in Philadelphia.

Meanwhile, the Catholic order, which is officially called the Sovereign Military Hospitaller Order of St. John of Jerusalem of Rhodes and of Malta, is trying to cancel the Shickshinny order's trademark. The case is pending before the Trademark Trial and Appeals Board.

Titles and elaborate dubbing ceremonies aren't the only trappings of the offshoot orders. One group has begun treaty negotiations for a sovereign state in the South Pacific. From there, the order would print its own stamps, mint its own coins and establish a bank—a "tremendous tax advantage," an official of the order says.

There is a precedent. An agreement between Italy and the Catholic Knights of Malta allows the order to operate as a sovereign state, issuing passports and stamps. In addition to Italy, 43 nations, not including the U.S., have granted the Catholic order diplomatic status.

Most knights are cavalier about the origins of their titles. Having one is what counts. "In establishment circles, titles are very important," says Mary Blake, a "spiritual healer" who was just made a dame by Prince Khimchilachvili. "I believe my title might confer a bit of respectability," she says.

Donations to the order are considered *de rigueur*. "It was mentioned that many people donate \$10,000 to \$20,000," says Ms. Blake, who didn't make an immediate contribution. Adolph Hoernle, who donated \$20,000, was named Count Adolph de Hoernle, knight commander grand cross of grace. Celebrities like Ms. Redgrave, though, usually don't pay.

Despite all the donations, court documents show that Prince Khimchilachvili's order isn't a charitable organization. "It's a very expensive thing to keep the order going," the prince said in testimony. "There are the decorations, there are the parties that we give, the celebrations that we give that we call the grand investitures."

In some cases, 20th-century knights may peddle chivalry better than they practice it. Consider the slight to Prince Umberto Stefanizzi. His Excellency Prof. Sir Abukuse V.E.P. Mbirika, the secretary of state of one of the other Knights of Malta orders, contends that Prince Stefanizzi used to be a chauffeur for his group's late grandmaster, Prince Prof. Don Basilio Petrucci.

Prince Stefanizzi denies that. "I'm sorry to disappoint you," he says, "but I've never been a chauffeur in all my life." He says he was a minister of foreign affairs in the 5,000-member Petrucci organization until June 23, 1983, when he "closed relations" with the family. Thereafter, he says, he formed his own ecumenical order "for the common man of uncommon achievements."

To nab a knighthood, some sort of service to humanity helps. Rose Marie Gelck of Hartford, Conn., for example, claims to give "natural facelifts electronically," and she owes her new title to the prince's former wife, Princess Audrey. Explains Mrs. Gelck, who attended the investiture in a white gown of marabou feathers: "Princess Audrey was so impressed by what we have been able to do—including rejuvenating her skin—that she invited me to become a member."

In any case, the traditional vows of poverty taken by Knights of Malta seem to be passe. "People who become knights should have some money because, if they were starving, why would they care about the prestige of a title?" says Sir Mbirika of the Petrucci group. "We tell our knights," he adds, "that the best way to help the poor is not to be one."

Mr. Cyrus R. Vance

Dear Mr. Vance:

Thank you for your letter of April 17, 1986, in response to my two previous letters to you of January 22 and April 2, 1986.

I wonder if my correspondence with you will prove to be a rerun of my correspondence with Mr. J. Peter Grace. Both of you denied my conclusion "that Scroll and Key is a society with a secret history that it wants concealed from the American people." Also, both of you have to date refused to do anything to help me obtain a copy of the official two volume set, A History of Scroll and Key. No matter who I write to requesting to purchase photocopies of this official two volume set, A History of Scroll and Key, the answer has to date always been the same: No!

However, there appears to be at least one significant difference between you and J. Peter Grace: You directed the search committee of the Yale Corporation, which selected the new President of Yale University, Dr. Benno C. Schmidt, Jr. Hence, I am inclined to believe that you currently have real political "clout" at Yale, which Mr. Grace does not have. My guess is that one or two telephone calls from you to certain key people either at Yale University and/or the Kingsley Trust Association would suffice to convince them to renege on their adamant refusal to date to sell me photocopies of the two volume set, A History of Scroll and Key.

Or you could quote me a price for photocopies of your own copies of this two volume History of Scroll and Key. I presume that KTA Treasurer Radley H. Daly was telling the truth when he wrote me on January 29, 1985, stating that copies of this two volume History of Scroll and Key were distributed to members of the society back in 1978. If copies were not distributed to key Directors of the Yale Corporation like yourself, then this History must be even more secret than I ever dreamed.

So awaiting your reply, I am,

Very truly yours,

Richard A. Landkamer

Dear Mr. Landkamer:

I have your letter of April 2nd. The two assumptions made in your letter are not correct. I disagree completely with your conclusion "that Scroll and Key is a society with a secret history that it wants concealed from the American people." Second, the essential difference between Scroll and Key and ordinary fraternities is that its members are chosen because of their outstanding contributions to the life of the University. That is not the criterion for selection of members of ordinary fraternities.

Sincerely

Dear Mr. Vance:

As of this date, I have not received any reply regarding my previous letter to you of January 22, 1986, a photocopy of which I enclose for your instant reference.

Am I to understand from your silence that you agree with my conclusion that Scroll and Key is a society with a secret history that it wants concealed from the American people? This becomes even more significant when I read in the December 10, 1985, issue of the New Haven Register that you directed the search committee of the Yale Corporation, which selected the new President of Yale University, Dr. Benno C. Schmidt, Jr. So obviously you still have current ties to Yale University.

Am I correct in assuming that Scroll and Key, like Skull and Bones, is no ordinary college fraternity? If Scroll and Key is just another college fraternity, then why won't anyone sell me photocopies of the two volume set, A History of Scroll and Key? What is in this secret history that must be concealed from all outsiders?

The History of Phi Beta Kappa, by Oscar M. Voorhees, Phi Beta Kappa Historian, was published by Crown Publishers, New York, in 1945. (Ordinary college fraternities make their histories freely available.) Pages 183 through 193 of this book contain an interesting section entitled "Phi Beta Kappa and Secrecy". It seems that the original Phi Beta Kappa was basically a secret Masonic organization with Masonic rituals and oaths of secrecy, etc. There were even allegations that the original Phi Beta Kappa stemmed from the Bavarian Illuminati! However, various scandals and controversies caused Phi Beta Kappa to publicly abolish all of its secret Masonic rituals and oaths of secrecy, etc., in about 1831, after which it became an ordinary college fraternity. I find it very interesting that both Skull and Bones and Scroll and Key arrived on the scene shortly after Phi Beta Kappa ceased to be a secret Masonic organization. Is all of this covered in the secret History of Scroll and Key?

Mr. Cyrus R. Vance
Vice Chairman
Council on Foreign Relations, Inc.

Dear Mr. Vance:

Congratulations on your recent election as Vice Chairman of the Council on Foreign Relations (CFR). As you know, many people consider the CFR to be a secret organization, and there are even some who allege that the CFR is part of some kind of shadowy sinister conspiracy. As for myself, I've generally found the CFR to be quite open about itself, and most of its publications are either available for the price of a postage stamp, or they can be purchased for a nominal price. This does not appear to meet the first definition of a conspiracy, which requires secrecy. In any event, I am not writing to you about your affiliation with the CFR.

Instead, I am writing to you about your membership in Scroll and Key, which is legally incorporated as the Kingsley Trust Association (KTA). I won't go so far as to call Scroll and Key a secret society, since photocopies of the 640 page 1979 KTA Catalogue can be obtained with great difficulty on a piecemeal basis from Sterling Memorial Library at Yale University. Also, I understand that this Catalogue was donated to Yale University Library by the KTA. In any event, according to page 574 of the 1979 KTA Catalogue, you were initiated into Scroll and Key in 1939.

However, I do have ample evidence to conclude that Scroll and Key is a society with a secret history that it wants concealed from the American people. There exists an official two volume set, A History of Scroll and Key, which is currently being treated like a "state secret for eyes of members only". As proof of this, I enclose photocopies of my self-explanatory correspondence with (1) Mr. Radley H. Daly, Treasurer of the Kingsley Trust Association (KTA), (2) Mr. Jack A. Siggins, Deputy University Librarian at Yale University Library, (3) Dr. A. Bartlett Giamatti, outgoing President of Yale University and the author of volume 2 of A History of Scroll and Key, and (4) prominent businessman J. Peter Grace. As you can plainly see, all attempts to purchase photocopies of this secret History of Scroll and Key have been a venture in futility. Their only excuse is that these books are copyrighted. Certainly the owner of the copyright can sell me photocopies, which KTA refuses to do.

You will note that on January 29, 1985, KTA Treasurer Radley H. Daly wrote to me alleging that when the two volume set, A History of Scroll and Key, "was published in 1978, only enough copies were printed to distribute to members of the society and to members of the academic administration at Yale." Hence, if Mr. Daly's allegations are true, then as a member of this organization you should have received copies of this secret two volume History of Scroll and Key back in 1978. Therefore, I have a simple request to make of you: Will you sell me photocopies of this secret two volume History of Scroll and Key? Or have you taken an oath of secrecy to this organization that prohibits you from doing so? If you are willing to sell me photocopies of this secret History, I will be delighted to reimburse you for all costs involved.

One last question: What do the mysterious esoteric letters "C.S.P." and "C.C.J." mean? You will note from my correspondence with Mr. J. Peter Grace that the answer to this appears to be every bit as secret as the two volume History of Scroll and Key. Perhaps the answer is in this History, which I want to purchase.

Thank you. Awaiting your reply, I am,

Very truly yours,

Dear Vice President Bush:

I understand that you are the brother-in-law of Mr. Scott Pierce, who is President of the E. F. Hutton brokerage unit which recently pleaded guilty to 2,000 felony counts for their illegal check-overdraft scheme. Hence, my questions to you are as follows:

(1) Have you ever had any kind of business association/relationship and/or any business dealings with your brother-in-law, Mr. Scott Pierce? If so, then please give me full and complete details of all of your past business relationships or dealings with Mr. Pierce.

(2) Did you ever discuss E. F. Hutton's illegal check-kiting scheme with your brother-in-law, Mr. Scott Pierce, and/or any other officer of E. F. Hutton and Co.? If so, then please send me full and complete details as to just what all you discussed with any of those people. I am particularly interested in any discussions that you may have had either before and/or during the operation of this illegal check-overdraft scheme. By discussions I also include any written correspondence that you may have had with any of those people regarding this operation. I request all of this information under the Freedom of Information Act (FOIA).

Since E. F. Hutton & Co. is not a secret organization, please do not refer me to E. F. Hutton for all of the above requested information. You will recall that you previously referred me to Yale University for all information regarding your personal membership in and involvement with the secret Skull and Bones Society.

Thank you. Awaiting your reply, I am,

Hon. George Herbert Walker Bush
Vice-President of The United States
Washington, D. C.

Dear Vice-President Bush:

Thank you for the letter of December 13, 1983, from your Acting Press Secretary, Ms. Shirley Green, in response to some of the questions which I propounded in my previous letter to you of November 26, 1983. Unfortunately, Ms. Green's response to one of my questions raises as many questions as it answers. More specifically, Ms. Green stated that:

"...one of the areas that seems to be of concern to you has to do with something called 'The Order.' The Vice President is not now and never has been a member of any 'sordid secret society.'"

Now, anybody who reads any of Mr. Antony C. Sutton's books and other publications regarding "The Order" will immediately discover that Mr. Sutton considers "The Order" to be synonymous with and the same organization as something called "Skull and Bones". In other words, according to Mr. Sutton, "Skull and Bones" is simply another name for "The Order", i.e., they are one and the same organization.

The front page of the February 26, 1980, issue of The Wall Street Journal contained an extremely interesting article by Mr. James M. Perry, entitled "Conspiracy Theorists Point Darkly to Bush As a 'Trilateralist'". The first paragraph of this article reads as follows:

"When George Bush was a student at Yale University, he joined Skull and Bones, a society so secret its members are supposed to get up and leave the room should a nonmember be gauche enough to mention its name."

Most of the above Wall Street Journal article was devoted to the then raging controversy concerning your former membership in David Rockefeller's Trilateral Commission. At that time, "Skull and Bones" had not become controversial, so it was mentioned somewhat as a passing reference. Only one minor candidate (Lyndon LaRouche) considered "Skull and Bones" to be "a very serious, very dedicated conspiracy against the U.S. Constitution". However, the important point is that nowhere in this article were you quoted as having denied that you were ever a member of "Skull and Bones". Perhaps somewhat prophetically, this Wall Street Journal article concluded with the statement that: "So far Mr. Bush hasn't prepared a statement defending Skull and Bones. But the way things are going, he may have to."

To return to the matter at hand, I note that your Acting Press Secretary did not emphatically deny that you had ever been a member of "The Order" or "Skull and Bones". She merely alleged that you have never been a member of any "sordid secret society". The key word is "sordid". Am I to understand from all of this that you were and possibly still are today a member of a non-sordid secret society? Please clarify this matter. Also, where can I obtain "the Establishment" view of "Skull and Bones", or is this organization so secret that it is impossible for anyone to obtain the "other side" of this highly controversial organization? To date, everything I've read about "Skull and Bones" has come from Mr. Antony C. Sutton, who is busy writing a whole series of books "exposing" this allegedly secret organization. If this organization is as secret as Mr. Sutton alleges, then by Election Day 1984, Vice-President George Bush and "Skull and Bones" will become as politically controversial as Watergate was approximately a decade ago. I await your response.

Dear Mr. Landkamer:

The Vice President asked me to thank you for your recent letter concerning the November issue of The Phoenix Letter.

The allegations contained in the Letter are so erroneous that they defy an item-by-item refutation. However, one of the areas that seems to be of concern to you has to do with something called "The Order." The Vice President is not now and has never been a member of any "sordid secret society." I am sure you know he has served his country as a Navy pilot in the Second World War and received the second highest medal awarded to our servicemen -- the Distinguished Flying Cross. He has also served at the United Nations as the U.S. representative in the People's Republic of China and was Director of Central Intelligence. He received the highest civilian awards given for service to country.

Vice President Bush's public career has been one of consistent loyalty and honor and has been conducted in full openness to the press for scrutiny of his performance.

The second area that appeared to cause you concern was an out-of-context and incomplete quotation following the Vice President's meeting with First Secretary Andropov. The Vice President simply stated that a Communist leader who had had access to full information about the United States and its people was less apt to misread the intentions of the United States and its peaceful desires than a Communist leader who was not familiar with the West and the values we hold dear. He at no time indicated that the change of leadership in the Soviet Union represented a change in their basic long-stated desires and goals vis-a-vis the rest of the world. Because of the Vice President's service at the CIA, he has a very realistic assessment of the Soviet system and is certainly not "misunderstanding" U.S.-Soviet relations.

The Vice President appreciated your bringing these concerns to his attention.

Sincerely,

Shirley Green

Hon. George Herbert Walker Bush
Vice-President of The United States
Washington, D. C.

Dear Vice-President Bush:

I direct your attention to the enclosed photocopy of the November, 1983, issue of The Phoenix Letter, edited by Mr. Antony C. Sutton. You will note that Mr. Sutton makes several serious charges against you, and concludes with the recommendation "that Vice-President Bush resign--today--before these facts become general public knowledge and rebound on the Reagan Administration". Hence, I am writing to you for your response to these charges. More specifically, I am requesting your official response to the following charges and questions:

(1) Are you now--or have you ever been--a member of and/or in any way affiliated with the alleged secret society cited by Mr. Sutton, also known as "The Order"? If your answer is no, then when are you going to refute Mr. Sutton's charges? On the other hand, if your answer is yes, then I request your comments regarding the following specific charges that are made by Mr. Sutton:

"The Bush family--and several allied families--are at the core of a secret society known as The Order. They are sworn to conceal its objectives. Even its very existence." (p. 1)

"In brief, the Bush family is part of the tightly woven inner core of The Order, a secret society whose members are sworn to avoid discussion of objectives and membership--or even its very existence." (p. 2)

"Mr. Bush is a member of a 'sordid' secret society (that's what one of its own members has called it). This membership has been concealed from the American public. It is obvious deception." (p. 6)

"Mr. Bush apparently has some difficulty in making correct assessments of people and events. Anyone who provides rapturous support for such psychopaths as Andropov and Mugabe has little understanding of traditional American values of freedom and human dignity." (p. 6)

(2) Has Mr. Sutton accurately stated and/or quoted your position with regard to Soviet Premier Andropov and Dictator Robert Mugabe of Zimbabwe? If not, then I request that you send me complete transcripts of what you actually stated on the specific occasions cited and quoted by Mr. Sutton, so that I may then compare these official transcripts to what Mr. Sutton alleges and quotes you as having stated.

(3) If Mr. Sutton has accurately quoted your position with regard to Dictator Robert Mugabe of Zimbabwe, then how does the Administration go about deciding who are the "good" pro-Communist Dictators, who are to be rewarded with a quarter of a billion dollars in U.S. aid, as opposed to the "bad" pro-Communist Dictators, who are invaded and overthrown by U.S. troops (i.e., Grenada)? Who decided that General Hudson Austin's regime had to be overthrown in Grenada, while Dictator Robert Mugabe's regime in Zimbabwe should be financed with a quarter billion dollars of U.S. aid? Who decides which pro-Communist regimes are to be fought, and which pro-Communist regimes are to be financed with U.S. aid, and how are these decisions made? Going back to question number (1), above, are these decisions made in open discussions solely within the U.S. Government, or are they made in secret conspiratorial meetings by secret members of "The Order" for secret ulterior motives?

Awaiting your response to these questions, I am,

Very truly yours,

Richard A. Landkamer

Mr. W. Averell Harriman
c/o Brown Brothers, Harriman
59 Wall Street
New York, New York

Dear Mr. Harriman:

I direct your attention to the enclosed photocopies of Dr. Antony C. Sutton's monthly Phoenix Letters for March, April, and May, 1984. First, you will note that the March issue is entitled "Patriarch Averell Harriman (Club D. 111)", and in this issue Dr. Sutton makes several serious charges against you. The following excerpts are quoted from the March, 1984, issue of Dr. Sutton's monthly Phoenix Letter:

"By any measure Patriarch W. Averell Harriman is the most experienced, the most active and the oldest living member of The Order." (page 1)

"If The Order has a Mafioso style godfather, then Averell Harriman is the prime candidate. And like a Mafioso boss, Harriman has skeletons he wants to keep buried." (page 1) "Conclusions" (page 5)

"(1) Patriarch Averell W. Harriman (Club D. 111) is elder member of The Order. We assess him as devious, a liar and prone to threaten violence.

"(2) Harriman is today the most important living member of The Order.

"(3) Harriman is immune from investigation." (page 5)

I would like your comments regarding the above and other charges made against you by Dr. Sutton in the March, 1984, issue of his Phoenix Letter. Can you refute any of Dr. Sutton's charges? If so, then please do so, as I want to read your side in this controversy. Also, are you now--or have you ever been--a member of and/or in any way affiliated with "The Order", also known as the "Skull and Bones Society", and which is legally incorporated as the Russell Trust Association? If so, are you "today the most important living member of The Order", as alleged by Dr. Sutton? If so, then what is your title and/or position in this organization? Are you its Chairman, "Mafioso style godfather", or just what? Please advise.

The April, 1984, issue of Dr. Antony C. Sutton's monthly Phoenix Letter published a document dated February 29, 1984, from a subsidiary organization of "The Order" called "Deer Island Club". Is that document authentic? You will note that this document refers to "The Order" as "Our Order". Again, is this document authentic? If so, do you agree that this document proves that "Skull and Bones" is not just another fraternal/social college type organization? Consequently, I would like to know why Vice President Bush is writing misleading letters alleging that "Skull and Bones" is a "college organization"? Incidentally, is Vice President Bush the most prominent reported member of "The Order" currently in public office?

The May, 1984, issue of Dr. Sutton's Phoenix Letter announced publication of the third volume of Dr. Sutton's series of books regarding "The Order", and is entitled How The Order Creates War and Revolution. If any alleged member of "The Order" really stands out in this book, it is you, Mr. Harriman, which is the primary reason why I am writing you this letter. Can you refute any of the charges and evidence, etc., that are made by Dr. Sutton, either in his May, 1984, Phoenix Letter, or in his latest book entitled How The Order Creates War and Revolution? If so, then please do so, as I certainly want to read both sides in this highly controversial matter. Also, is Dr. Sutton correct in alleging on page 2 of his May Phoenix Letter that: "Goals of members of The Order reveal Dialectical Materialism as their guide to planned action over the long run. Pragmatism is used for short-term decisions, but with the ultimate goal kept in mind." Is this true? Please explain.

The following excerpts are quoted from How The Order Creates War and Revolution with page numbers in parentheses after each series of quotations:

"The operational history of The Order can only be understood within a framework of the Hegelian dialectic process. Quite simply this is the notion that conflict creates history." (Preface page 1)

"Only tantalizing glimpses of any such creative process can be found in modern historical works. The most convincing glimpses are in the late Carroll Quigley's TRAGEDY AND HOPE... Rarely some politicians on the periphery of elitist power have allowed brief insights into the public eye. For example, President Woodrow Wilson made the revealing statement: 'Some of the biggest men in the U.S. in the fields of commerce and manufacturing know that there is a power so organized, so subtle, so complete, so pervasive that they had better not speak above their breath when they speak in condemnation of it.'" (page 2)

"This series argues that the current world situation has been deliberately created by this elitist power more or less by manipulation of 'right' and 'left' elements..." (pages 2-3)

"There is no question that the so-called establishment in the U.S. uses 'managed conflict.' The practice of 'managing' crises to bring about a favorable outcome... to the elite is freely admitted in the literature of, for example, The Trilateral Commission. Furthermore, there is no question that decisions of war and peace are made by a few in the elite and not by the many in the voting process... This volume explores some major conflict decisions made by the few in The Order and the way in which right-left situations have been deliberately created and then placed in a conflict mode to bring about a synthesis." (p. 3)

"This practice by The Order of supporting both 'right' and 'left' persists down to the present day. We find in 1984, for example, that Averell Harriman (The Order '13) is elder statesman of the Democratic Party while George Bush (The Order '49) is a Republican Vice President..." (page 10)

"In fact, there is another largely unrecorded history and it tells a story quite different than our sanitized textbooks. It tells a story of the deliberate creation of war, the knowing finance of revolution to change governments, and the use of conflict to create a New World Order." (page 11)

"In brief, Harriman knew first hand back in 1944 at least that the West had built the Soviet Union. Now examine Harriman's official biography with its string of appointments relating to NATO, Mutual Security Agency, State Department, foreign policy, and so on. In these posts Harriman actively pushed for a military build-up of the United States. But if the Soviet Union was seen to be an enemy in 1947, then we had no need to build a massive defense. What we should have done was cut off technology. There was no Soviet technology--and HARRIMAN KNEW THERE WAS NO SOVIET TECHNOLOGY.

"Furthermore, Harriman has been in the forefront of the cry for 'more trade' with the Soviet Union--and trade is the transfer vehicle for technology. In other words, Harriman has been pushing two CONFLICTING POLICIES SIMULTANEOUSLY.

"(a) a build-up of Soviet power by export of our technology, and

"(b) a Western defense against that power.

"Isn't this the Hegelian dialectic? Thesis versus antithesis, then conflict which leads to a new synthesis..." (page 27)

"In brief, the creation of the Soviet Union stems from The Order. The early survival of the Soviet Union stems from The Order. The development of the Soviet Union stems from The Order. But above all, this story has been concealed from the American public by politicians... more of this later. Now let's turn to the financing of the Nazi Party in Germany." (page 72)

"In brief, when we merge the information in PROJECT DUSTBIN with Shoup's HITLER'S SECRET BACKERS, we find the major overseas conduit for Nazi financing traces back to The Order and specifically cell D 115." (page 84)

Since you were allegedly personally and integrally involved with all of this, Mr. Harriman, can you refute any of the above? I await your reply.

Very truly yours,

Richard A. Landkamer

Dear Mr. Liles:

As of this date, I have not received any reply regarding my previous letter and accompanying documents, which I sent to you on April 2, 1984. I enclose photocopies of those documents for your instant reference. Are you ever going to reply to that letter? Also, enclosed is a photocopy of the May, 1984, issue of Dr. Antony G. Sutton's monthly Phoenix Letter. As you can see, the third volume of Dr. Sutton's series of books regarding your organization has now been published, namely How The Order Creates War and Revolution. Hence, my questions are as follows:

(1) I request whatever comments and/or refutations that you and/or any other members of "The Order" may have to offer regarding these latest charges made by Dr. Sutton. Can you and/or any other members of "The Order" refute any of the charges and evidence, etc., that are made by Dr. Sutton, either in his May, 1984, Phoenix Letter, or in his latest book entitled How The Order Creates War and Revolution? If so, please do so, as I certainly want to read both sides regarding your organization and its reported involvement in creating wars and revolutions. Since you did not respond to my above previous letter to you of April 2, 1984, I cannot help but wonder if you are going to respond to these latest charges. Unfortunately, I find it impossible to read both sides of any issue when one side (Dr. Sutton) keeps making new charges, but the other side (your organization) refuses to respond to any of the charges. If any of the charges and evidence, etc., contained in How The Order Creates War and Revolution are false, then I suggest that your organization take prompt action to publicly refute any false charges made by Dr. Sutton.

(2) The following excerpts are quoted from How The Order Creates War and Revolution with page numbers in parentheses after each series of quotations:

"The operational history of The Order can only be understood within a framework of the Hegelian dialectic process. Quite simply this is the notion that conflict creates history."

"From this axiom it follows that controlled conflict can create a predetermined history. For example: When the Trilateral Commission discusses 'managed conflict', as it does extensively in its literature, the Commission implies the managed use of conflict for long run predetermined ends..."

"The dialectic takes this Trilateral 'managed conflict' process one step further. In Hegelian terms, an existing force (the thesis) generates a counterforce (the antithesis). Conflict between the two forces results in the forming of a synthesis. Then the process starts all over again..." (Preface p. i)

"In brief, the creation of the Soviet Union stems from The Order. The early survival of the Soviet Union stems from The Order. The development of the Soviet Union stems from The Order."

"But above all, this story has been concealed from the American public by politicians... more of this later. Now let's turn to the financing of the Nazi Party in Germany." (page 72)

"Just as we found the Bush family involved with the early development of the Soviet Union, then with financing the Nazis, and vaguely behind the scenes in Angola, so we find a Bush active in construction of the new dialectic arm: Communist China." (page 103)

What is your organization's position regarding the above? I await your response.

Dear Mr. Liles:

Thank you for your letter of March 29, 1984. I did not know that Mr. Dunham had died in 1982. I simply used the only name and address that I had for contacting your organization, which I obtained from page 6 of the March, 1984, issue of Dr. Sutton's Phoenix Letter (see enclosed photocopy). Apparently Dr. Sutton's information regarding your organization is approximately two years out of date. On the other hand, you will note that your organization's most prominent reported member currently in public office, Vice President George Bush, neglected to furnish me with any name and address for contacting your organization.

As you can see, my enclosed letter of March 23, 1984, which I erroneously addressed to the late Mr. Dunham, definitely pertains to the business of the Russell Trust Association, rather than any personal business of the late Mr. Dunham. Hence, I look forward to receiving your official response regarding all of the materials and information, which I requested in my above letter to the late Mr. Dunham. Also, please feel free to give me "the Establishment" view concerning your organization, which I initially requested in my letter to Vice President Bush of December 24, 1983 (see enclosed photocopy).

Thank you. Awaiting your reply, I am,

Dear Sir:

A certified letter bearing your return address was addressed to Lawrence B. Dunham, Jr., c/o the Russell Trust Association, 2138 Yale Station, New Haven. Mr. Dunham, who died in 1982, was Secretary of the Russell Trust Association (RTA Incorporated) for many years, a position which I now have the honor to occupy.

Because the certified letter was addressed to Mr. Dunham personally, it could not be delivered to me according to the Post Office but must be returned to the sender. I was, however, permitted to obtain the address from the envelope.

If your letter pertains to a matter of interest to the Russell Trust Association (also known as the "Skull and Bones Society"), you may send it to the address above to my attention. I will acknowledge its receipt and reply as appropriate to the communication.

If your letter relates personally to the late Mr. Dunham, you may send it to his widow at 54 Linden Avenue, Branford, Connecticut 06405.

With best wishes, I am

Dear Mr. Dunham:

I direct your attention to the enclosed photocopy of my open letter to President Reagan of February 27, 1984, to which as of this date I have not received any reply. You will note that I have accused your organization -- i.e., "The Order", also known as Skull and Bones, and which is legally incorporated as the Russell Trust Association -- of being a secret organization with secret goals and objectives, which will never divulge the names of any of its officers and members, etc. I based this accusation primarily upon the fact that your most prominent reported member currently in public office, Vice President George Bush, has to date adamantly refused to publicly divulge if he is or ever has been a member of and/or in any way affiliated with your organization. Please read the enclosed photocopy of my letter of December 24, 1983, to Vice President Bush, along with the reply of February 9, 1984, which I received from Vice President Bush's Acting Press Secretary. You will note that Vice President Bush refers me to Yale University for the answer to this question. I wanted to write to you before this, but could not do so, since Vice President Bush neglected to give me your name and address. Fortunately, this information has now been provided in the March, 1984, issue of The Phoenix Letter (see enclosed photocopy). Hence, my specific questions and requests for materials and information, etc., from you are as follows:

(1) Is or has Vice President Bush ever been a member of and/or in any way affiliated with your organization? Please answer this question in complete detail.

(2) Are you a secret organization, as has frequently been alleged? If your answer is no, then I request that you provide me with the complete catalogue list of members of your organization. From reading Dr. Sutton's Phoenix Letter, it is my understanding that at one time the complete catalogue list of your organization's members could be obtained by anyone from Yale University Library, but that this list is no longer available from that source. Hence, if you are not a secret organization, then please send me a copy of your complete membership list. The membership lists of the Trilateral Commission and Council on Foreign Relations (CFR) can be obtained by anyone. Can anyone obtain your organization's membership list?

(3) If you are not a secret organization, then who are the officers and directors of your organization, and what are its goals, objectives, and purposes, etc.? Does your organization have some kind of executive committee that controls finances and makes basic decisions, etc.? If so, who are the members of this executive committee? Are either Averell Harriman and/or Vice President Bush members of this executive committee? Please provide me with all of this information in full detail.

(4) Does your organization publish any Annual Reports like the CFR does? If so, please send me copies of all of your organization's Annual Reports for as far back as they are available. Do your Annual Reports contain your membership list?

Awaiting your response to all of the above, I am,

Very truly yours,

Richard A. Landkamer

Dear Mr. Dilworth:

As of this date, I have not received any reply regarding my previous letter to you of May 22, 1984, a photocopy of which I enclose for your instant reference. Subsequent research indicates that you should be well qualified to answer all of the questions that I propounded in my above previous letter to you of May 22, 1984.

Enclosed are photocopies of the relevant pages from the 1960 Catalogue of the Russell Trust Association, which prove that you were inducted into this organization back in 1938. The entire 1960 Catalogue of the Russell Trust Association is available to the public in Manuscripts and Archives, Sterling Memorial Library at Yale University. Unfortunately, there is not a more recent Catalogue available for the Russell Trust Association, Inc., at Yale University.

In any event, since you were indeed inducted into the "Skull and Bones Society" back in 1938, I consider you well qualified to answer all of the questions, which I propounded in my above unanswered previous letter to you of May 22, 1984. Your answers to all of those questions should help shed considerable light on the controversy over whether this country is controlled by any conspiracy.

Thank you. Awaiting your response to this urgent matter, I am,

Very truly yours,

Mr. J. Richardson Dilworth
Room 3600
Rockefeller Plaza
New York, New York

Dear Mr. Dilworth:

I am currently attempting to research an apparently secret organization called "The Order", also known as "Skull and Bones", and which is legally incorporated as the Russell Trust Association. One of my areas of investigation is to determine what other organizations are controlled or influenced by "The Order". In your particular case, I am attempting to research any possible connection and/or chain of influence or control between The Trilateral Commission and "The Order". I trust that you are familiar with An Introduction to The Order, by Dr. Antony G. Sutton. If not, I am enclosing a photocopy of a form for ordering a copy of this important book. In any event, the following excerpts are quoted from pages 58-59 in An Introduction to The Order:

"J. Richardson Dilworth, at Room 3600 Rockefeller Plaza, and the Rockefeller Family Associates' chief financial and administrative officer, is a member of The Order..."

"It may be that the Trilateral Commission will prove to be a purely David Rockefeller personal endeavor rather than a broader establishment vehicle. However, Trilateral purposes, as portrayed in the literature, are almost identical to those of The Order. It may be a vehicle to obtain an interim goal, i.e., three regional groupings. In this case J. Richardson Dilworth is the conduit and liaison."

Hence, my specific requests for materials and information are as follows:

(1) Mr. Dilworth, are you now--or have you ever been--a member of and/or in any way affiliated with "The Order", also known as "Skull and Bones", and which is legally incorporated as the Russell Trust Association? Please respond in detail.

(2) If your answer to the previous question is yes, then are there any other members of The Trilateral Commission, who are also members of "The Order"? Please furnish me with a complete list of all individuals who either currently or in the past have simultaneously held dual membership in both of these organizations.

(3) If your answer to question number (1) is yes, then how do you respond to Dr. Sutton's allegation that "Trilateral purposes...are almost identical to those of The Order"? Is this true? Also, to whom do you owe your primary allegiance, i.e., "The Order", or The Trilateral Commission and/or David Rockefeller? Does "The Order" in any way control or influence the goals, policies, and objectives of The Trilateral Commission and/or David Rockefeller? Or is the reverse situation true? Have you ever used your position to induce The Trilateral Commission and/or the Rockefeller interests to carry out or implement any of the goals, policies, or objectives of "The Order"? Has the converse situation ever occurred? If either situation has ever occurred, then please explain each such situation in complete detail. Finally, has either "The Order" or The Trilateral Commission ever enacted any policies or undertaken any projects, etc., which have been opposed by the other organization? If so, then please explain each such case in full and complete detail.

(4) Finally, please send me a copy of the latest Annual Report and the current membership list of The Trilateral Commission.

Thank you.

Very truly yours,

Richard A. Landkamer

Dear Mr. Muller:

Thank you for your letter of January 3, 1986, in response to my previous letter to you of December 26, 1985. I note that the issue of The Freeman Digest, which you sent to me, was dated November-December, 1978.

Please be advised that I could find absolutely nothing in the November-December, 1978, issue of The Freeman Digest to explain any of the following:

(1) Why did you previously send me photocopies of an article in the June 3, 1985, issue of The Spotlight entitled "Who Attended Bilderberg Meeting?"

(2) Did Spotlight reporter James P. Tucker, Jr., subsequently have his credentials as a member of the Congressional press galleries revoked because of the sub rosa methods that he allegedly had to employ in order to infiltrate the 1985 Bilderberg Meeting through which he obtained (among other things) the list of participants published in the June 3, 1985, issue of The Spotlight, which you sent to me? If Mr. Tucker was not disciplined for any of the methods, which he allegedly had to employ in order to obtain that list of Bilderberg Meeting participants which you sent to me, then was that list freely given to him by your organization? Please explain.

(3) Will The Spotlight be permitted to send its reporter(s) to cover the 1986 Annual Bilderberg Meeting? If not, then who will cover your 1986 Bilderberg Meeting?

(4) In my previous letter to you, I stated that I would like to attend your 1986 Bilderberg Meeting? Will this be possible? If not, why not?

In brief, I could find nothing in either your letter to me of January 3, 1986, or in the 1978 issue of The Freeman Digest which you enclosed, that answered any of the specific questions contained in my previous letter to you of December 26, 1985. Again, I request that you answer my specific questions, which are restated above.

Thank you. Awaiting your reply, I am,

Dear Mr. Muller:

Thank you for your letter of October 8, 1985, in response to my letter to you of August 23, 1985. I meant to write to you before now, but never got around to it.

I was flabbergasted that you enclosed with your letter to me of October 8, 1985, photocopies of an article in the June 3, 1985, issue of The Spotlight entitled "Who Attended Bilderberg Meeting?". About the last thing that I expected you to send me was photocopies of anything from The Spotlight. I say this because it was alleged that The Spotlight had to obtain that list of participants, who attended the 1985 Annual Bilderberg Meeting, via clandestine back door methods. Indeed, the July 15, 1985, issue of The Spotlight contained a front page article entitled "Your Right to Know Censored -- Investigative Reporter Stripped of Credentials for Bilderbergers Expose". This article alleged that Spotlight reporter James P. Tucker, Jr., had "his credentials as a member of the congressional press galleries ... revoked" because of the sub rosa methods that he allegedly had to employ in order to infiltrate the 1985 Bilderberg Meeting through which he obtained (among other things) the list of participants published in The Spotlight, which you sent to me. This is very strange.

Was Mr. Tucker actually disciplined for the methods that he allegedly had to employ in order to obtain the list of Bilderberg participants, which you sent to me? If not, was that list freely given to him by your organization? Please explain.

Even more important, am I to infer from your letter that The Spotlight will be invited to send its reporter(s) to attend the 1986 Bilderberg Conference with no information concealed? Personally, I believe that The Spotlight should be permitted to attend all future Bilderberg Conferences, along with anyone else who wishes to attend. Will this be permitted in the future? If so, I would like to attend myself. Will this be possible? I await your reply.

Very truly yours,

Richard A. Landkamer

OPEN LETTER

October 6, 1985

Mr. Charles Muller
American Friends of Bilderberg, Inc.
a.k.a. Bilderberg Meetings
477 Madison Avenue
New York, New York 10022

Dear Mr. Muller:

As of this date, I have not received any reply regarding my previous letter to you of August 23, 1985, a photocopy of which I enclose for your instant reference. According to the Return Receipt, you received that letter on August 26, 1985.

One of my sources sent me a copy of the 132 page issue of the November-December, 1978, issue of the Freemen Digest, which was devoted to covering your Bilderberg Meetings. The Freemen Digest subsequently moved to Salt Lake City, Utah, and is now defunct at least under that name. According to my sources, the Freemen Digest was published by a division of the Freemen Institute, which was headed by W. Cleon Skousen. This organization has recently moved to Washington, D.C., under a new name: The National Center for Constitutional Studies, P.O. Box 37110, Washington, D.C., 20013. All of this information is second hand. I have written twice to this National Center for Constitutional Studies, but have not received any reply to date. Apparently the 1978 Freemen Digest issue on your Bilderberg Meetings is out of print and is now a collector's item. Among other things, it contained in depth interviews with the key leaders of your Bilderberg Meetings at that time. Unfortunately, I cannot find any more recent extensive information on your organization, except for some miscellaneous articles in The Spotlight which are not extensive. Liberty Lobby published Spotlight on the Bilderbergers in 1975, so its information is older and less comprehensive than the subsequent 1978 issue of the Freemen Digest.

Again, I request that you send me all of the information requested in my previous letter of August 23, 1985. One of my contacts, who wishes to remain anonymous, sent me photocopies of some very interesting recent correspondence with your organization. From this correspondence I learned that the U.S. branch of your organization is now called the American Friends of Bilderberg, Inc., and that this is the inner core that selects all U.S. candidates for participation in your annual conferences.

Who are the members of the American Friends of Bilderberg, Inc.? Was this previously known as the U.S. branch/affiliate of the Bilderberg International Steering Committee? According to page 121 of the 1978 Freemen Digest, at that time the U.S. branch/affiliate of the Bilderberg International Steering Committee had eight members which included: (1) David Rockefeller (North American Chairman of The Trilateral Commission), (2) Henry Kissinger (member of the Executive Committee of The Trilateral Commission), and two prominent members of the secret Skull and Bones Society: (3) William P. Bundy (former Editor of the CFR publication Foreign Affairs) and (4) Henry J. Heinz II. In fact, in 1978 William P. Bundy was the Bilderberg Honorary Secretary General for the United States.

So just who are the current members of the American Friends of Bilderberg, Inc., in 1985? Please send me this information, along with all of the other information that I requested in my unanswered previous letter to you of August 23, 1985.

Thank you. Awaiting your reply, I am,

Very truly yours,

Richard A. Landkamer

Bilderberg Meetings

August 29, 1985

Dear .

Thank you for your letter of August 25th regarding American Friends of Bilderberg, Inc.

Bilderberg is a conference group which meets once a year to consider issues affecting the future and prospects of North America and Western Europe. Participation at this annual conference is about 100 people and it is by invitation. American Friends of Bilderberg is a small group of individuals who identify American candidates for participation in the annual conference.

Bilderberg's purpose can best be summarized as endeavoring to build closer relationships among the North Atlantic countries.

I enclose a copy of Freeman Digest which gives the history of the organization, the range of subjects it covers, and participation.

I hope this is helpful to you.

With kindest regards.

Sincerely,

Charles W. Muller

Mr. Charles Muller
The Bilderbergers
a.k.a. The Bilderberg Group
477 Madison Avenue
New York, New York 10022

Dear Mr. Muller:

You will note from the enclosed photocopies that I obtained your address from The Spotlight after unsuccessfully attempting to obtain your address from The Trilateral Commission. I find this very strange, since my research indicates that the North American Chairman of The Trilateral Commission, Mr. David Rockefeller, has apparently attended just about every Bilderberg Meeting since The Bilderberg Group was formed in 1954. Am I to believe that The Bilderbergers are so secret that Mr. Rockefeller does not have any address for contacting you? Enclosed is a photocopy of a letter to me dated July 31, 1985, from Mr. Peter Witte, Information Officer of The Trilateral Commission, stating that "Regretfully, we do not have the Bilderberg address, which you requested." Mr. Witte suggested that I write to the Freeman Digest at an address which he provided. When I attempted to do this, my letter was returned from the Post Office marked "Return to Sender -- No Forwarding Order on File".

I would like to know more about The Bilderbergers. More specifically, I've collected quite a file on you from The Spotlight. Now, I would like to read your side of this controversy. Please send me copies of your Annual Reports for as many years back as they are available. Also, please send me the complete membership list of your Bilderberg Group covering every year since your organization was founded in 1954. Finally, please send me a complete catalogue of all of your literature, reports, and other publications that I can purchase from you and/or subscribe to. I presume your catalogue will contain a complete price list for purchasing all of your publications. You will note that I recently subscribed to the current publications of The Trilateral Commission. Now, I want to do the same with The Bilderberg Group.

Thank you. Awaiting your reply, I am,

Very truly yours,

Richard A. Landkamer

OPEN LETTER

Richard A. Landkamer
3805 Sherwood Lane, Apt. 21
Houston, Texas 77092
August 6, 1985

Mr. Winston Lord
President
Council on Foreign Relations, Inc.
58 East 68th Street
New York, New York 10021

Dear Mr. Lord:

In addition to being President of the Council on Foreign Relations, I note that the current (as of March 15, 1985) list of North American Members of The Trilateral Commission lists you as a member of that organization. Also, page 3 of the June 3, 1985, issue of The Spotlight contains an alleged "Final List of Participants" who attended the 33rd annual Bilderberg Conference held at Rye Brook, New York, on May 10, 11, and 12, 1985, and I note that you are listed as having attended this particular Bilderberg Conference. Finally, you are listed in the 1960 Catalogue of the Russell Trust Association as a member of that organization, which is also known as the Skull and Bones Society. Since you are obviously very well connected, I am writing to you for your answers to the following basic elementary questions:

(1) You have been widely quoted in certain circles as having allegedly made the following statement: "The Trilateral Commission doesn't secretly run the world. The Council on Foreign Relations does that." Is this true? Did you ever make this statement, which has been widely alleged that you made?

(2) If you actually did make the above quoted statement, and since you are also a member of the secret Skull and Bones Society, then would a more accurate statement have been to the effect that the Skull and Bones Society secretly runs the world -- or at least desires and/or tries to do so?

(3) I understand that you have been designated as the next U.S. Ambassador to China. Hence, I presume this will require you to resign your position as President of the Council on Foreign Relations. Am I correct? If so, then who will be the next President of the Council on Foreign Relations?

(4) Please send me the current address of the Bilderberg organization, so that I can write directly to them for copies of their literature and reports, etc., and subscribe to whatever publications that they have available to the public -- just as I recently did with The Trilateral Commission. You will note from the enclosed photocopy that on July 31, 1985, Mr. Peter Witte, Information Officer of The Trilateral Commission, wrote to me stating that "Regretfully, we do not have the Bilderberg address, which you requested." I find this truly amazing. If the above cited "Final List of Participants" who attended the May, 1985, Bilderberg Conference is accurate, then in addition to yourself, I note that the following other North American Members of The Trilateral Commission also attended this Bilderberg Conference: (1) David Rockefeller, North American Chairman of The Trilateral Commission, (2) Henry A. Kissinger, member on the Executive Committee of The Trilateral Commission, (3) Zbigniew Brzezinski, another Executive Committee member of The Trilateral Commission, (4) Dwayne O. Andreas, (5) Congressman James R. Jones, and (6) John C. Whitehead. So please send me the address of the Bilderbergers. If you attended their most recent annual Conference, then you must obviously have their address for contacting them.

Thank you. Awaiting your reply, I am,

Very truly yours,

Richard A. Landkamer

Dear Mr. Landkamer:

Thank you for your letter of July 20 and for your check in the amount of \$22.00 for the Trilateral Commission's publications -- the Trilateral Bulletin and the task force reports.

Regretfully, we do not have the Bilderberg address, which you requested. As I reported to you earlier, the Freemen Digest devoted an issue in their Nov.-Dec. 1978 issue to the Bilderberg Meetings and perhaps they may have an address. The address of the Freemen Digest is: 1331 South State Street, Post Office Box G, Provo, Utah 84601. Single copies are \$5.00.

Yours faithfully,

Peter Witte

Mr. Peter Witte

Dear Mr. Witte:

Thank you for your letter of July 15, 1985, in response to my previous letters to The Trilateral Commission of June 3 and July 6, 1985.

First, enclosed is my check for \$22.00. Please enter my name for a two year subscription to your informative task force reports and the bulletins covering your Commission's annual plenary meetings.

Second, with regard to the Bilderbergers, I think you misunderstood the nature and purpose of my request: I want to write directly to the Bilderbergers, obtain copies of their literature and reports, etc., and subscribe to whatever publications that they have available to the public -- just as I am doing with The Trilateral Commission. Obviously in order to do this, I must have their address for writing to them. Hence, I request that you send me the address of the Bilderbergers, so I can write to them as indicated above. Surely with all of the international contacts and connections of The Trilateral Commission, you must have their address in your files somewhere. I suspect that some members of The Trilateral Commission are also members of the Bilderbergers.

One of my contacts informs me that the Freemen Digest went out of business a few years ago. However, I will try writing to them for the issue that you suggest. I don't know if Freemen Digest was for or against the Bilderbergers. There is currently a very anti-Bilderberger publication called The Spotlight, and I have copies of some of their articles on the Bilderbergers. However, again, I still want to write directly to the Bilderbergers for their side of this controversy.

Thank you. Awaiting your reply, I am,

Very truly yours,

Richard A. Landkamer

Mr. Winston Lord
President
Council on Foreign Relations, Inc.

New York, New York 10021

Dear Mr. Lord:

First, please send me a copy of the current Annual Report of the Council on Foreign Relations, Inc., which should be for the CFR's fiscal year ending June 30, 1984. I presume that this CFR Annual Report is currently available to the public.

Second, as of this date, I have not received any reply regarding the specific questions that I propounded in my two previous letters to you of March 31 and May 5, 1984, photocopies of which I enclose for your instant reference. I particularly request that you answer the questions propounded in item numbers (1) through (3) in my above previous letter to you of March 31, 1984. Subsequent research indicates that you should be well qualified to answer these questions.

Enclosed are photocopies of the relevant pages of the 1960 Catalogue of the Russell Trust Association, which prove that you were inducted into this organization back in 1959. At that time you were merely a student, as indicated in this admittedly outdated 1960 Catalogue of the Russell Trust Association. This entire document is available to the public in Manuscripts and Archives, Sterling Memorial Library at Yale University. Unfortunately, there is no more recent Catalogue available for the Russell Trust Association, Inc., at Yale University.

In any event, since you were indeed inducted into the "Skull and Bones Society" back in 1959, I consider you well qualified to answer all of the questions, which I propounded in my above unanswered previous letters to you of March 31 and May 5, 1984. Your answers to all of those questions should help shed considerable light on the controversy over whether this country is controlled by any conspiracy.

Thank you. Awaiting your response, I am,

Very truly yours,

Richard A. Landkamer

Dear Mr. Lord:

As of this date, I have not received any reply from you regarding item numbers (1) through (3), which were requested in my previous letter to you of March 31, 1984, a photocopy of which I am enclosing for your instant reference. On April 5, 1984, your Assistant, Judith Gustafson, acknowledged receipt of my above previous letter to you, and sent me a copy of the most recent Annual Report of the Council on Foreign Relations. Enclosed is a photocopy of her letter to me. You will note that she indicated that you were "travelling at the moment".

I expected to hear from you before now regarding item numbers (1) through (3) in my above previous letter to you of March 31, 1984. I would appreciate hearing from you as soon as possible regarding those items, as your answers to those questions will be of interest to a great number of people.

Also, I am enclosing a photocopy of the April, 1984, issue of Dr. Antony G. Sutton's monthly Phoenix Letter. You will note that this issue contains a document from a subsidiary organization of what Dr. Sutton refers to as "The Order". You will note that this document refers to this organization as "Our Order". Since Dr. Sutton has alleged that you are a member of this organization, I would like your comments regarding this document. Is this document authentic? Your answer to this question, of course, is integrally related to item numbers (1) through (3) in my above previous letter to you of March 31, 1984.

Thank you. Awaiting your response, I am,

March 31, 1984

Mr. Winston Lord
Chairman
Council on Foreign Relations
58 East 68th Street
New York, New York

Dear Mr. Lord:

As you are undoubtedly aware, many people who believe in conspiracy theories consider your organization, the Council on Foreign Relations (CFR), to be at the core of a conspiracy that somehow controls this country. In an effort to get to the bottom of this controversy, I am writing to request some materials and information from you. To begin, the following excerpts are quoted from page 6 of An Introduction to The Order, by Dr. Antony C. Sutton:

"Members of the CFR, when accused of being involved in a conspiracy, have protested to the contrary. And by and large they are right. Most CFR members are not involved in a conspiracy and have no knowledge of any conspiracy..."

"HOWEVER, there is a group WITHIN the Council on Foreign Relations which belongs to a secret society, sworn to secrecy, and which more or less controls the CFR. CFR meetings are used for their own purposes, i.e., to push out ideas, to weigh up people who might be useful, to use meetings as a forum..."

"These members are in The Order. Their membership in The Order can be proven. Their meetings can be proven. Their objectives are plainly unconstitutional. And this ORDER has existed for 150 years in the United States."

On page 15 of An Introduction to The Order, Dr. Sutton alleges that you are a member of "The Order", also known as "Skull and Bones", and which is legally incorporated as the Russell Trust Association. Hence, my specific requests for materials and information from you are as follows:

(1) Are you now or have you ever been a member of and/or in any way affiliated with "The Order", also known as "Skull and Bones", and which is legally incorporated as the Russell Trust Association? Please answer this question in complete detail.

(2) If your answer to the previous question is yes, then who are all the other members of the Council on Foreign Relations, who are also members of "The Order"? Please furnish me with a complete list of all those individuals who either currently or in the past have held dual membership in both of these organizations. Also, please furnish me with a complete list of the official positions, which all of these people have held in both organizations.

(3) If your answer to question number (1) is yes, then how do you respond to Dr. Sutton's allegation that members of "The Order" more or less control the CFR as quoted above? Have you ever used your position within the CFR to induce the CFR to carry out or implement any goals, policies, or objectives of "The Order"? If your answer is yes, then please list all of the goals, policies, and objectives of "The Order" that you have helped induce the CFR to implement. Also, to your knowledge, has the CFR ever enacted any policies or undertaken any projects, etc., which are opposed by "The Order"? If so, please elaborate in full and complete detail.

(4) Finally, please send me a copy of the latest Annual Report of the Council on Foreign Relations. Also, please send me the current membership list of the CFR.

Thank you.

Very truly yours,

Richard A. Landkamer

March 1, 1985

Dear Mr.

Replying to your February 25 letter, we are sending you, under separate cover, a copy of the Council's current Annual Report. As indicated in the section relating to the Committees on Foreign Relations, these are autonomous groups affiliated with, but not part of, the Council. We help them in arranging some of their discussion leaders, but are not otherwise involved in their programs.

Each Committee has its own rules for nomination and election of members, and they do not supply us membership lists for distribution.

If you would like to send me some particulars about yourself, such as your education, occupation, and other details that might be pertinent, I would be glad to pass them on to the Committee Secretary. Your telephone number would also be helpful. It would be up to the Committee Secretary to pursue the matter from there.

Sincerely,

Rolland Bushner

Gentlemen:

Please send me a copy of your latest Annual Report, for the year ending on June 30, 1984.

Also please send me a list of members of the Houston Committee on Foreign Relations. Please include the address of the chairman of this Committee. I will be writing him because I would like to join this organization. I am intensely interested in the foreign policy formulation of the U.S. government and have observed over the past ten years or so that most of the important policy forming positions in the state department are staffed by members of your organization.

Gentlemen:

I would like some information about your organization. Please send me copies of your Annual Reports for as far back as they are available beginning with your current Annual Report. Also, please send me the complete membership list of your organization if this list is not contained in your Annual Reports.

Do you have any publications that are available to and/or can be purchased by the public? If so, please send me a complete catalogue of these publications. Also, I would greatly appreciate your sending me copies of any free literature that you have available about your organization. I understand that your organization's general objectives are to promote Anglo-American cooperation and understanding. I am also interested in this subject. Can anyone join your organization? If so, please send me a membership application form, as I might want to join The Pilgrim Society after reading all of your literature and Annual Reports, etc.

Do you work with any other international organizations in promoting your objectives? Do you work with and/or are you affiliated with the U.S. Council on Foreign Relations (CFR), David Rockefeller's Trilateral Commission, the Club of Rome, etc.? These organizations and/or their U.S. affiliates have all sent me literature and membership lists upon request. The CFR will send their Annual Reports.

If there is any cost for obtaining copies of your Annual Reports, along with a complete catalogue of your publications, please advise me of their purchase prices so that I can order them from you. Incidentally, do you have any U.S. affiliate from which any of your publications can be purchased?

Thank you. Awaiting your reply, I am,

Gentlemen:

I would like some information about your organization. Please send me copies of your Annual Reports for as far back as they are available. In addition, I request that you send me the following information about your organization:

(1) Are you an independent organization, or are you in any way affiliated with various other organizations? Are you in any way affiliated with the Council on Foreign Relations (CFR) and/or David Rockefeller's Trilateral Commission? Are you in any way affiliated with the Club of Rome?

(2) Please send me the complete membership list of your organization. Also, who are the officers and directors of The Pilgrim Society?

(3) What are the goals, purposes, objectives, and vested special interests of The Pilgrim Society and/or those who control it? Please respond in full and complete detail.

Perhaps most of what I have requested above can be obtained from your Annual Reports. Each Annual Report of the CFR, for example, contains the entire current CFR membership list. In any event, I would greatly appreciate receiving the above requested information from you at your earliest convenience. If there is any cost for your Annual Reports, please advise me of the exact amount, so that I can then purchase these Annual Reports.

Thank you. Awaiting your reply, I am,

Dear Sir or Madam:

A friend of ours from Oxford, England, recently visiting here was conversing with us about your Society at length. It turned out, however, that most of his knowledge was, at best, second hand.

I too became quite interested in the Pilgrim Society after all these discussions, followed by several letters after our friend's return to the United Kingdom.

I would greatly appreciate it if you could provide me with the following information about your Society:

1. A brief history of the Pilgrim Society and it's aims.
2. Membership qualifications, if any.
3. Approximate size of your present membership.

I would also appreciate if you would furnish me with a list of your present officers and members.

Looking forward to your quick response, I remain,

I am replying to your letter requesting information about the Bohemian Club. However, the kind of information which you seek is not available to Non-Members. The Bohemian Club is a private organization and such materials as the Annual Reports and speaker lists are restricted for use only within the Club. The Club has no publications for sale to the public. The Domhoff book to which you refer was an unauthorized work written sub rosa without the Club's cooperation or sanction. Gentlemen:

I am currently doing some research into various organizations that are allegedly elitist and/or part of the ruling social class in the United States. In this regard, I recently obtained a book entitled The Bohemian Grove And Other Retreats -- A Study in Ruling-Class Cohesiveness -- by G. William Domhoff, published in 1975 by Harper and Row. According to this book, the Bohemian Grove is owned by your Bohemian Club. Apparently you are not a secret organization, since Mr. Domhoff was able to obtain your membership lists and various other materials from your Bohemian Club.

Therefore, I request that you send me your current membership list, along with your current Annual Report. Also, I would like to have a complete list of all outside speakers at your Club. According to page 17 of Mr. Domhoff's above cited book, most of this information is contained in the Bohemian Club's Annual Report of the President and the Treasurer, which I presume is the official title of your Annual Report. If your Annual Reports are anything like those of the Council on Foreign Relations, then it should contain most of what I am currently seeking for my research.

If at all possible, I would like to purchase copies of your Annual Reports for as many years back as they are available. I would naturally be willing to reimburse you for the price of purchasing all of these Annual Reports. Are these for sale?

Finally, do you have any publications to which I could subscribe and/or purchase that would tell me more about the Bohemian Club and its Bohemian Grove? If so, please send me your catalogue or list of all such publications, which I presume will also list the price for purchasing each of these publications from you.

Thank you. Awaiting your reply, I am,

Very truly yours,

Dear Dr. Vieira:

As of this date, I have not received any reply regarding my previous letters to you of November 22 and December 7, 1985. To date, both you and Mr. Messineo have been silent as the grave in responding to my communications. In any event, I have reached two tentative interim conclusions regarding the Goleniewski/Romanoff Case:

(1) The bizarre allegations of Mr. Goleniewski/Romanoff apparently split the original Sovereign Order of Saint John of Jerusalem -- Knights of Malta -- into several warring factions. By bizarre allegations, I mean the three incredible allegations cited in my previous letter to you of November 22, 1985. I have subsequently learned of additional allegations in this same category, but those will illustrate my point. Mr. Romanoff may or may not be who he claims to be, but if he is a Romanoff, I now think it more likely that he is an illegitimate son of Czar Nicholas.

(2) The key to unravelling Mr. Goleniewski/Romanoff's bizarre behavior is in all probability "programmed" CIA Mind Control. Unfortunately, it may be impossible to ever ascertain whether Mr. Goleniewski/Romanoff is actually crazy, or whether he has been "programmed"/made to act crazy by the CIA. Originally I thought the former, but I now strongly suspect the latter for several reasons.

If you're really interested in pursuing this, I suggest that you begin by purchasing the following two books: (1) The CIA And Mind Control -- The Search For The Manchurian Candidate, by John Marks, published in 1980 by McGraw-Hill. (2) Operation Mind Control -- Our Secret Government's War Against Its Own People, by Walter H. Bowart, published in 1978 by Dell Publishing Co. Both of these books can be purchased for a total combined price of \$15.35 from Tom Davis Books, P.O. Box 1107, Aptos, CA 95001-1107. If you only want to purchase one of these books, The Search For The Manchurian Candidate costs \$4.95 plus 10¢ extra postage, and Operation Mind Control costs \$8.95 plus 35¢ extra postage. In either or both cases, add \$1.00 for postage and handling. Unfortunately, Operation Mind Control is out of print, so what you'll receive will be reduced size photocopies at 4 book pages per regular photocopy page. The style and conclusions of these two books differ in some respects. Operation Mind Control is the more "explosive" of the two books, but is less well documented. Operation Mind Control contains considerable information as to how various aspects of CIA or other "programmed" Mind Control might possibly have been involved in some aspects of the assassinations of John F. Kennedy, Martin Luther King, and Robert F. Kennedy. The possibility of various forms of Mind Control having been used on several key figures in the JFK Assassination is particularly interesting. The Search For The Manchurian Candidate does not discuss any of these assassinations.

As for the possibility of Mr. Goleniewski/Romanoff having been subjected to various forms of CIA Mind Control, they certainly had ample opportunity and motive. Extensive CIA Mind Control and terror techniques were used on another alleged Soviet defector, Yuri Nosenko, and the CIA never could determine whether Nosenko was a genuine defector. I doubt if Mr. Goleniewski/Romanoff can tell you anything. If he was "programmed" properly, he will not remember anything the CIA erased from his mind, and will relate only what he was "programmed" to remember. However, a good psychologist or hypnotist might be able to get at the truth, since those Mind Control techniques are not infallible. Mind Control victims have been "de-programmed". So awaiting your reply, I am,

Very truly yours,

Dear Mr. Landkamer:

This is in regard to your letter of 24 June 1985 concerning several different topics.

Thank you for bringing to our attention the discrepancies noted in the spelling of Dysart/Dysert. We have been in contact with the appropriate component of this agency and they assure us that what we told Mr. Sutton in April 1985 holds true for both spelling variants. We regret the misspelling; the forgery spelled it Dysart.

Regarding your questions:

- 1) The document is not genuine, and the use of the CIA letterhead and seal was not authorized.
- 2) This agency has no files or documents relating to an "Earl of Dysart" project nor to an "Earl of Dysert" project.
- 3) The CIA has never participated in any project referred to as "Earl of Dysart." We cannot speak for other governmental agencies, but we rather doubt that they have either.

Regarding topics 2 and 3 in your letter, these will be addressed to you by separate letter.

Sincerely,

Houston, TX 77092

Dear Mr. Landkamer:

This is in response to items (2) and (3) of your 24 June 1985 Freedom of Information Act (FOIA) request. Item (1) will be addressed in separate correspondence.

In regard to items (2) and (3) of your request, we will need additional information from you to locate the records you are requesting. The FOIA provides for public access to reasonably described records. This means that a document must be described sufficiently to enable a professional employee familiar with the subject to locate the document without an unreasonable amount of effort. This, with few exceptions, means that the documents must be locatable through the indexing to our various records systems. The FOIA does not require us to perform research or create records for a requester. Neither are we required to study a body of material to see if any of it is related to a specific event, activity, or incident.

It should be noted that our records are not indexed by the name of the individuals who collect the information.

If you provide us with a reasonable description of the documents you seek we will then initiate the appropriate FOIA searches provided you agree to pay the search and copying fees as discussed below.

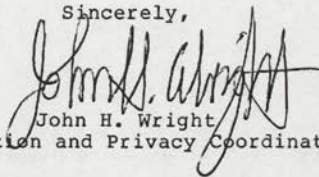

For your information, the FOIA authorizes federal agencies to collect fees for records services. We are enclosing, therefore, a fee schedule for your guidance. You will note that we charge search fees, including computer time where indices are computerized, and copying costs for releasable documents.

In accordance with section (e) of the schedule, search fees are assessable even if no records are found or, if found, we determine that they are not releasable. This means you will be charged even if our search results are negative or if it is determined that no information is releasable under the FOIA.

Before we can begin any processing of your request, we must receive your commitment to pay all fees incurred and under the conditions stated above. The search fees for each item in a request are usually about \$100; a more precise fee estimate for your particular request can be obtained if you wish.

We are holding your request in abeyance pending our receipt of the document descriptions and your fee commitment as discussed above.

Sincerely,

A handwritten signature in dark ink, appearing to read "John H. Wright", is written over the typed name.

EFFECTIVE DATE: November 13, 1980.

FOR FURTHER INFORMATION CONTACT: Mr. Charles E. Savige, Phone (703) 351-5659.

SUPPLEMENTARY INFORMATION: When this rule was proposed on July 24, 1980 (Vol. 45 No. 144, pp. 49296-49297), comments were solicited. One response was received in which the use of the adjective "tangible" was described as unclear and ambiguous. It had been used as a modifier to the word benefit in sentence 3 of 1900.25(a). In consideration of this comment, the adjective identifiable has been substituted. Three typographical errors have also been corrected.

For reasons set out in the preamble, § 1900.25, Chapter XIX of Title 32, Code of Federal Regulations is revised as set forth below.

Don I. Wortman,
Deputy Director for Administration.

§ 1900.25 Fees for records services.

(a) Search and duplication fees shall be charged according to the schedule set forth in paragraph (c) of this section for services rendered in responding to requests for Agency records under this part. Records shall be furnished without charge or at a reduced rate whenever the Coordinator determines that a waiver or reduction of the charge is in the public interest because furnishing the information can be considered as primarily benefiting the general public. Thus, the Coordinator shall determine the existence and extent of any identifiable benefit which would result from furnishing the requested information and he shall consider the following factors in making this determination:

- (1) The public or private character of the information sought;
 - (2) The private interest of the requester;
 - (3) The numbers of the public to be benefited;
 - (4) The significance of the benefit to the public;
 - (5) The usefulness of the information to the public; and
 - (6) The quantity of similar or duplicative information already in the public domain.
- In no case will the assessment of fees be utilized as an obstacle to the disclosure of the requested information. The Coordinator may also waive or reduce the charge whenever he determines that the interest of

the government would be served thereby. Fees shall not be charged where they would amount, in the aggregate, for a request, or a series of related requests, to less than \$6. Denials of requests for fee waivers may be appealed by writing to the Executive Secretary of the Information Review Committee, via the Coordinator.

(b) In order to protect the requester and the Agency from large, unexpected fees, when it is anticipated that the charges will amount to more than \$25, the processing of the request shall be suspended until the requester indicates his willingness to pay. The requester shall be notified and asked for his commitment to pay all reasonable search and duplication fees. At his option, the requester may indicate in advance a dollar limitation to the fees. In such an event, the Coordinator shall initiate a search of the system or systems of records deemed most likely to produce relevant records, instructing the system managers to discontinue the search as soon as the stipulated amount has been expended. Where an advance limit has not been stipulated, the Coordinator may, at his discretion or at the behest of the requester, compile an estimate of the search fees likely to be incurred in processing a request, or of such portion thereof as can readily be estimated. The requester shall be promptly notified of the amount and be asked to approve its expenditure. In those cases where the Coordinator estimates that the fees will be substantial, an advance deposit of 50 percent of the estimated fees will be required; in those cases where there is reasonable evidence that the requester may possibly fail to pay the fees which would be accrued by processing his request, an advance deposit of 100 percent of the estimated fees will be required. The notice or request for an advance deposit shall extend an offer to the requester whereby he is afforded an opportunity to revise the request in a manner calculated to reduce the fees. Dispatch of such a notice or request shall suspend the running of the period for response by the Agency until a reply is received from the requester.

(c) The schedule of fees for services performed in responding to requests for Agency records is established as follows:

- (1) For each one quarter hour, or fraction thereof, spent by clerical personnel in searching for a record, \$1.50;

(2) For each one quarter hour, or fraction thereof, spent by professional personnel in searching for a record, \$3.50;

(3) For each on-line computer search, \$11.00;

(4) For each off-line (batch) computer search of Central Reference files, \$27.00;

(5) For all other off-line computer searches of Agency files, \$8.00 per minute of Central Processing Unit (CPU) time;

(6) For copies of paper documents in sizes not larger than 8½ × 14 inches, \$0.10 per copy of each page;

(7) For duplication of non-paper media (film, magnetic tape, etc.) or any document that cannot be reproduced on a standard office copier, actual direct cost; and

(8) For extra copies of reports, maps, reference aids, and other Agency publications, actual cost.

(d) Inasmuch as the Agency's systems of records are highly decentralized, several computer searches may be required to process a request, depending upon its scope. The computer search costs given in paragraph (c), of this section, do not include whatever professional/clerical search time is needed to determine whether the records located are in fact responsive to the request.

(e) Search fees are assessable even when no records pertinent to the requests, or no releasable records are found, provided the requester has been advised of this fact and he has, that notwithstanding agreed to incur the costs of search.

(f) For requests which have accrued substantial search and duplication fees, or for requests for records which have been previously released, or where there is reasonable evidence that the requester may possibly fail to pay the accrued fees, then, at the discretion of the Coordinator, the requester may be required to pay the accrued search and duplication fees prior to the actual delivery of the requested records; otherwise, the requester shall be billed for such fees at the time that the records are provided. Payment shall be remitted by check or money order, made payable to the Treasurer of the United States, and shall be sent to the Coordinator. No appeals or additional requests shall be accepted for processing until the requester has paid all outstanding charges for services rendered under this part.

Dear Mr. Wright:

I herewith request the following information under the U.S. Freedom of Information Act (FOIA):

(1) On April 11, 1985, you wrote to Dr. Antony C. Sutton stating that "a purported CIA memorandum describing an 'Earl of Dysert' project ... is not genuine, and the use of the CIA letterhead and seal was not authorized." (See enclosed photocopy.) On March 2, 1985, I wrote to President Ronald W. Reagan regarding this same matter (see enclosed photocopy), but with one important difference: I referred to this alleged CIA memorandum as describing an "Earl of Dysart" project. Please note the difference in spelling. The enclosed alleged CIA memorandum specifically states that "all Earl of Dysart fronts including all Identity movements must be protected", and "This operation is classified under the highest priority. It must only be referred to as Earl of Dysart." This alleged CIA memorandum refers only to an "Earl of Dysart" operation/project -- not an "Earl of Dysert" project.

To date, I have not received any reply regarding the three questions contained in the enclosed photocopy of my letter of March 2, 1985, to President Ronald W. Reagan. Therefore, I am herewith requesting your official response to those three numbered items/questions under the Freedom of Information Act (FOIA).

(2) I herewith request all information in the CIA files regarding the assassination of President John F. Kennedy, which was in any way obtained either by or from your CIA's late former employee, Mr. Herman Kimsey. Enclosed are photocopies of pages 108 through 111 of a book entitled Appointment in Dallas: The Final Solution to the Assassination of JFK, by Hugh C. McDonald, published in 1975 by the Hugh McDonald Publishing Corp. Evidentially this book was so "hot" that McDonald had to publish it himself. In any event, the important point is that the alleged real assassin of President John F. Kennedy, who was given the code name of "Saul", made a complete confession to both Mr. Hugh C. McDonald, author of the above book, and to your CIA's late former employee, Mr. Herman Kimsey. Furthermore, this book alleges that much of this information was confiscated by the CIA from the private files of Mr. Herman Kimsey immediately upon his death. Evidentially Mr. Kimsey continued to collect information regarding the JFK Assassination after he (Kimsey) retired from the CIA. Consequently, I herewith request all of these files and information -- confiscated or otherwise -- under the Freedom of Information Act (FOIA).

(3) Since Mr. Hugh C. McDonald's above book, Appointment in Dallas..., was published almost 10 years ago, surely by now the CIA must have conducted a thorough and extensive investigation into all of the allegations contained in this book. Therefore, I herewith request any and all information that the CIA has available regarding the allegations contained in Mr. McDonald's book, Appointment in Dallas.

Thank you. Awaiting your reply for all of the above requested information under the Freedom of Information Act (FOIA), I am,

Very truly yours,

Richard A. Landkamer

In June, 1975, a reputable literary agent introduced Zebra Books to a man and a story. The story was hard to believe; the man was not.

Hugh C. McDonald is a veteran law enforcement officer who supplied credentials which, to us, were outstanding.

We are aware that **APPOINTMENT IN DALLAS** is a controversial book. The story Hugh McDonald tells adds further doubt to the already questioned Warren Commission Report. There will be those who will try to smear McDonald's story. And perhaps if this story was told by a man with credentials other than those of Hugh McDonald, it would be inconceivable.

Zebra is publishing **APPOINTMENT IN DALLAS** because we believe no one has the right to hold back a shred of information that might possibly throw even the faintest light on one of the darkest moments in our history.

The Publishers

a dangerous toy without direction, popping off at the wrong people, like General Walker and ultimately the President of the United States. That's what happened."

"Do you believe this?"

Kimsey sighed, and shrugged resignedly. "Jesus, you're a stubborn bastard." He looked ineffably weary.

"After I'm dead, say what you like. I cannot help you contact Saul, because I haven't the strength or energy. But listen to me, Hugh, for your own good. I believe there are certain private interests involved who will destroy you, if you keep on. They may not kill you. They will try to ruin your reputation and your credibility. You are now a private businessman. Suddenly you will find yourself with no customers. Suddenly you will get unexpected income tax audits. The CIA and FBI will not use you any more. A helicopter you fly will crash, and alcohol found on your breath—heroin and LSD in your apartment. Some babe you lay will accuse you of rape. Any or all of these things will happen. Take my word for it. If you still persist, they will . . . eliminate you. They have too much at stake to let you run around loose. That's what I believe. And you better believe it, too."

The words were chilling. Hugh McDonald knew his man, and knew the depths of his contacts. "Who are these people, Herman? What you seem to be saying is that you know even more about the assassination of Kennedy than what Saul told you."

Kimsey sweated some more, and said, hoarsely, "I know that the scheme which Saul described could not possibly have been activated successfully without help from very high places in this country. It isn't Saul you are taking on, Hugh. Forget Saul. The threat from him could be removed damn fast. You could kill him before he could kill you. But the other people . . . hell . . . you don't even know who they are. They could be employing me, for all you know. And I wouldn't know who they were, either."

McDonald called for the check.

"I am going to find out, Herman, somehow. After Saul's story comes out, these invisible people will have to make a move."

"And then?"

McDonald cocked his head to one side, quizzically. "Then we will know who they are. Right?"

Kimsey did not immediately reply. A waitress came with the check, and went away with money and a tip. He then said, "OK, I'll make a deal with you. I don't want to die, but if I do, you have my permission to use Saul's story. You will find confirmation in my effects, dates and appointments in my diaries and so forth. Leonard Davidove will have them. Ask him to let you go through them. You will spot anything that may be relevant to Saul. Except his name. That's *your* invention."

The two walked out of the restaurant, through the lobby of the Statler Hilton. McDonald held Kimsey's arm and stopped him. "One question, Herman. A question which might change everything we have talked about."

"Hugh, I'm too sick to care. Shoot."

"Do you really believe Saul's story? Are you convinced he told you the truth, that he isn't some kook? If he is a kook, I have already made a horse's

ass of myself, and I don't want to make myself a bigger one."

Kimsey lifted his hand for a taxi, and said, "He told me the truth, Hugh. He shot Kennedy. I knew he shot Kennedy even before he talked to me. You will have a hell of a time proving it. But it can be done."

Herman Kimsey died three weeks later.*

In Los Angeles, McDonald got the news through a telephone call from Len Davidove.

"I was at the graveside," Davidove said. "I never saw so many VIP's. You'd have been proud of him, Hugh."

Belatedly, through his grief, McDonald asked, "What about his papers, Len? He wanted me to have them."

"Are you kidding? Hugh, I've been in business in this city all my life—and I never saw anything like it. They didn't even wait for the poor bastard to die. The Company, the FBI and every other intelligence agency in town was all over his place like a colony of ants."

"And you know, Hugh, it's a funny thing. Fifty-five years of living—and they got it all into one medium-sized briefcase."

McDonald hung up in sadness, and with an odd sense of relief. At that moment he decided to give it all up. He told himself that a man had to know when he was licked.

*Some very important people attended Herman Kimsey's funeral. This seemingly anonymous, unassuming man was a Knight of St. John of Jerusalem (Malta) and decorated by many nations for his services. Dr. Sayer of the National Cathedral, who has conducted services at the funerals of three Presidents, read the eulogy for Herman Kimsey.

XX London Winter, 1972

For eighteen months, Hugh McDonald worked for his company, World Associates, flying his helicopters, seeing old friends in the various police departments.

Then one day he received a telephone call from New York. By the familiar code phrase, the caller identified himself as belonging to Blue Fox. He said, "I have been asked to tell you that we have made progress in locating the person you are seeking. Are you free to return to Zurich?"

McDonald, his ear to the receiver, all his good intentions forgotten, was thumbing his address book for the number of his travel agent. "Register me at the Eden au Lac."

He allowed himself more than a month to wind up essential business, to brief his associates, and make his plans. This time he took the typescript of Herman Kimsey's statement on Saul from the safe deposit box. He had a certain intuitive feeling that at last it would be useful.

The following sequence can be told only in Hugh McDonald's own words:

"The airplane landed at Heathrow Airport some time after ten o'clock at night. I was dead tired and in a hurry to get to my hotel. What a joy are the British Customs! One goes in and out in a minute,

Dear Mr. Sutton:

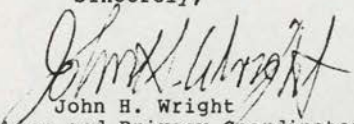

This is in regard to your letter of 25 January 1985 in which you requested, under the Freedom of Information Act (FOIA), information concerning a purported CIA memorandum describing an "Earl of Dysert" project.

Regarding your two questions:

- 1) The document is not genuine, and the use of the CIA letterhead and seal was not authorized.
- 2) This agency has no files or documents relating to an "Earl of Dysert" project.

Thank you for bringing this to our attention.

Hon. Ronald Wilson Reagan

Washington, D. C.

Dear President Reagan:

Enclosed is a photocopy of page 1 of the January 6 & 13, 1986, issue of The Spotlight, which contains a lead article headlined "Reagan Seeking Health Alternatives From Foreign Cancer MD?". The following excerpts are quoted from this article:

"While the government-supported suppression of freedom of choice in cancer therapy continues unabated, the president of the United States is apparently seeking one of the suppressed alternatives.

"According to reports from European newspapers and magazines, the White House has been quietly in touch with Dr. Hans Nieper — purveyor of 'forbidden' cancer remedies.

"The German publication 'Neue Revue,' in an article headlined, 'A Call From The White House: Save Reagan!', said that Nieper, a world renowned physician who gained additional fame by treating such celebrities as Yul Brynner, has been in contact with the president and his physicians.

"Adding fuel to worldwide rumors that the outlook for the President's cancer condition is not so rosy as the U.S. media has reported, the German feature said, in translation:

"Probably later this fall (1985), Dr. Nieper will fly to Washington — he is supposed to treat the American President Ronald Reagan, 74. Reagan will — after numerous phone calls between his physicians and the cancer expert from Hannover — be supplied with Anavit and Carnivora. Besides this, Dr. Nieper recommended to the president a diet of lots of vegetables and fresh fruit..."

"Nieper products shipped to other American cancer patients was halted by the postal authorities last July."

President Reagan, are the above quoted allegations true? If they are only partly true, please advise as to what is true and what is false. More specifically:

- (1) Are you taking a cancer treatment, which is illegal in the United States?
- (2) If this treatment is illegal because it is ineffective, which is what I presume is claimed by the U.S. Medical Establishment, then why are you taking it?
- (3) If this treatment is effective against cancer, then why is it illegal in the United States? Am I correct in assuming that Nieper products shipped to you will not be halted by the U.S. Postal authorities? If so, do we have two sets of laws: One for the rich and powerful like yourself, and the other for ordinary cancer patients? Whatever happened to "equal protection of the laws"? I await your reply.

March 2, 1985

Hon. Ronald Wilson Reagan
President of The United States
The White House
Washington, D. C.

Dear President Reagan:

As of this date, I have not received any reply regarding my previous letters to you of February 27, March 30, and June 1, 1984, photocopies of which I enclose for your instant reference. By now it is very obvious that all attempts to publicly correspond with the Reagan Administration regarding Vice President Bush's membership in and/or involvement with "The Order" are little more than a venture in futility. By "The Order" I mean specifically the "Skull and Bones Society", which is legally incorporated as the Russell Trust Association, Inc. To date, Dr. Antony C. Sutton has written four books exposing various aspects of this secret society.

If you happen to subscribe to Dr. Sutton's monthly Phoenix Letter, you know that I am attempting to conduct an independent investigation into "The Order" and related matters. Enclosed is a photocopy of the February, 1985, issue of The Phoenix Letter. Since my name and address have been published in various issues of The Phoenix Letter, I suspect that I have become the target of disinformation and/or crudely forged documents. In this last category, enclosed is a photocopy of an undated allegedly "confidential" Central Intelligence Agency (CIA) memorandum pertaining to an alleged CIA operation referred to as "Earl of Dysart". My comments and questions regarding this alleged CIA memorandum are as follows:

(1) Is this document genuine, or is it a forgery? You will note that this allegedly "confidential" CIA memorandum contains no date, and that portions of it have apparently been censored out. In addition, this memorandum states "This operation is classified under the highest priority. It must only be referred to as Earl of Dysart." I understand that "confidential" is not the highest priority classification of the CIA, which makes me highly skeptical of the authenticity of this alleged CIA memorandum.

(2) If the enclosed "confidential" CIA memorandum actually is genuine, then what is its date, to whom was it addressed, and by whom was it signed? Also, if this document is genuine, is this "Earl of Dysart" a current project of the Reagan Administration, or was it the project of one or more previous Administrations? If it is a current project, is Vice President Bush and/or any other member(s) of "The Order" active in this project? If it is a past project, then just who all was responsible for initiating this project? Also, if it was a past project, was there a successor to this "Earl of Dysart" project, and if so, please identify each successor project. Also, please identify all other past or present related projects.

(3) Has the U.S. Central Intelligence Agency and/or any other Department or Agency of the U.S. Government ever participated in any project referred to as "Earl of Dysart"? If the answer is yes, then I herewith request that you send me any and all information and documents available under the Freedom of Information Act regarding the "Earl of Dysart" project. This request also pertains to any and all successor and/or any other related past or present projects and/or operations.

Thank you. Awaiting your reply to this matter, I am,

Very truly yours,

Dear President Reagan:

As of this date, I have not received any reply regarding my previous letters to you of February 27 and March 30, 1984, photocopies of which I enclose for your instant reference. Also, enclosed is a photocopy of my letter of May 19, 1984, to Mr. M. Stanton Evans. This letter is an accurate summary of my investigation into Vice President Bush's reported involvement with a secret organization called "The Order"--also known as the "Skull and Bones Society", which is legally incorporated as the Russell Trust Association--and is where matters stood immediately prior to receiving the May, 1984, issue of Dr. Antony C. Sutton's monthly Phoenix Letter (see enclosed photocopy). You will note that my letter to Mr. Evans contains the following concluding statement: "I don't know precisely what all Vice President Bush and 'The Order' are trying to cover up, but don't you think it is obvious to any rational person that they are trying to conceal something? If they thought the voters would approve of this situation, and if they have nothing to hide, then why won't they respond to my letters?"

As you can see from the enclosed May, 1984, Phoenix Letter, the third volume of Dr. Sutton's series of books regarding "The Order" has now been published, and is entitled How The Order Creates War and Revolution. To put it bluntly, if the charges and evidence, etc., contained in Dr. Sutton's May, 1984, Phoenix Letter and latest book entitled How The Order Creates War and Revolution cannot be refuted, then we now know at least some of what Vice President Bush and "The Order" are trying to conceal. The following excerpts are quoted from How The Order Creates War and Revolution with page numbers in parentheses after each series of quotations:

"The operational history of The Order can only be understood within a framework of the Hegelian dialectic process. Quite simply this is the notion that conflict creates history." (Preface page 1)

"The practice by The Order of supporting both 'right' and 'left' persists down to the present day. We find in 1984, for example, that Averell Harriman (The Order '13) is elder statesman of the Democratic Party while George Bush (The Order '49) is a Republican Vice President..." (page 10)

"In fact, there is another largely unrecorded history and it tells a story quite different than our sanitized textbooks. It tells a story of the deliberate creation of war, the knowing finance of revolution to change governments, and the use of conflict to create a New World Order." (page 11)

"In brief, the creation of the Soviet Union stems from The Order. The early survival of the Soviet Union stems from The Order. The development of the Soviet Union stems from The Order. But above all, this story has been concealed from the American public by politicians... more of this later. Now let's turn to the financing of the Nazi Party in Germany." (page 72)

"Just as we found the Bush family involved with the early development of the Soviet Union, then with financing the Nazis, and vaguely behind the scenes in Angola, so we find a Bush active in construction of the new dialectic arm: Communist China." (page 103)

President Reagan, are the above charges true, and if so, is this some of what Vice President Bush and "The Order" are trying to conceal? Is this why you refused to respond to my above previous letters regarding Vice President Bush and "The Order"? I await your reply.

Very truly yours,

Dear President Reagan:

As of this date, I have not received any reply regarding my previous letter to you of February 27, 1984, a photocopy of which I am enclosing for your instant reference. When are you going to respond to the issues contained in that letter?

I understand that a special prosecutor is going to investigate the Edwin Meese controversy. I submit that we need another special prosecutor to investigate the rapidly escalating scandal involving Vice President George Bush and "The Order", also known as "Skull and Bones", and which is legally incorporated as the Russell Trust Association. Since Vice President Bush has thus far adamantly refused to publicly divulge any information regarding his involvement with "The Order", and since "The Order" appears to be a secret organization, we have no way to independently verify that Vice President Bush is not using his public office to secretly carry out the goals, policies, objectives, and vested special interests of "The Order". Even if "The Order" is as pure as the driven snow (which I very much doubt), the potential for conflict of interest in this situation is enormous.

Hence, I submit that we need another special prosecutor to investigate this scandal. On the one hand, Mr. Meese appears willing to respond to the charges against him, and has indicated that he will cooperate in any official investigation. On the other hand, I cannot get an answer to the most elementary question concerning Vice President Bush, namely does his oath of secrecy to "The Order" supersede his oath of office as Vice President of The United States? Thus, I have no idea if Vice President Bush would cooperate in any much needed investigation by a special prosecutor. However, from what I've seen to date in this matter, I am doubtful.

Awaiting your response to this matter, I am,

Hon. Ronald Wilson Reagan

Dear President Reagan:

The growing political controversy surrounding Vice President George Bush and "The Order", also known as "Skull and Bones", will probably result in defeat for the Reagan-Bush ticket, unless you take prompt action and force Vice President Bush to resign before this controversy/scandal escalates completely out of control. I wrote to you on November 27, 1983, regarding this matter, but you never saw fit to reply. Also, I have twice attempted to correspond with Vice President Bush concerning this matter, and have received little more than Watergate style "stonewalling" in response. The first reply of December 13, 1983, from Vice President Bush's Acting Press Secretary is printed on page 2 in the enclosed photocopy of the February, 1984, issue of The Phoenix Letter. Enclosed is a photocopy of my follow up letter of December 24, 1983, to Vice President Bush, along with the reply of February 9, 1984, which I received from Vice President Bush's Acting Press Secretary.

Suppose during the 1980 election campaign, Vice President Bush had adamantly refused to answer any questions concerning his membership and affiliation with such politically controversial organizations as the Council on Foreign Relations (CFR) and the Trilateral Commission, but instead insisted that anyone propounding such questions must attempt to contact these organizations for any information. Suppose further that the CFR and Trilateral Commission had been secret organizations (which they never have been) with secret goals and objectives, which would never divulge the names of any of their officers and members, etc. Under such circumstances, would you have ever selected/condoned George Bush as Vice President of The United States back in 1980? Unfortunately, this is not a hypothetical question in 1984, since this is precisely the situation that we currently have with Vice President Bush and "The Order", also known as "Skull and Bones".

On December 13, 1983, Vice President Bush's Acting Press Secretary wrote to me alleging that "Vice President Bush's public career has been one of consistent loyalty and honor and has been conducted in full openness to the press for scrutiny of his performance". If this is true, then why is Vice President Bush so adamantly refusing to tell us if he is or ever has been a member of and/or in any way affiliated with "The Order", also known as "Skull and Bones", and which is legally incorporated as the Russell Trust? On February 9, 1984, Vice President Bush's Acting Press Secretary wrote me to the effect that I should contact Yale University for the answer to this question. According to the February, 1984, Phoenix Letter, Yale University has joined the cover-up by denying researchers any further access to the files and papers of the Russell Trust. It appears that trying to contact the Russell Trust or "Skull and Bones" for information is going to be as futile as attempting to contact the mafia for the "other side" of any issue involving organized crime. Both are secret organizations with secret goals and objectives and secret members, etc. Does Vice President Bush's oath of secrecy to "The Order" supersede his oath of office as Vice President of The United States? Is this why Vice President Bush refuses to divulge anything regarding his involvement with "The Order"?

In conclusion, I submit that the moment of truth has arrived for the Reagan Administration in this matter. I await your response.

Very truly yours,

Richard A. Landkamer

OPEN LETTER

Richard A. Landkamer
3805 Sherwood Lane, Apt. 21
Houston, Texas 77092
December 7, 1985

Dr. Edwin Vieira, Jr.
13877 Napa Drive
Manassas, Virginia 22110

Dear Dr. Vieira:

As of this date, I have not received any reply regarding my previous letter to you of November 22, 1985. Nor have I received any reply regarding my letter of November 16, 1985, to Mr. Salvatore T. Messineo. Nor have I received any reply to my October 22, 1985, letter to Mr. Aleksei N. Romanoff. However, whenever I send photocopies of any of these communications to Mr. Frank D. Parsons, I receive an almost instantaneous response. Yet I have not received any communications from any of these other parties designating Mr. Parsons as their official spokesman, etc.

Last week one of my sources sent me photocopies of some of Mr. Romanoff's newsletter, The Double Eagle, which prove that Mr. Romanoff did indeed make all of the incredible allegations that were cited in my previous letter to you of November 22nd. The key difference between Mr. Frank D. Parsons and all of my other contacts (to date), who are familiar with all of these incredible Romanoff allegations, is that only Mr. Frank D. Parsons believes them to be true. I don't know where you and Mr. Messineo stand in this matter, since I have not heard from either of you.

A real mystery at this point in time is the late Frank A. Capell, who I understand headed up the Sovereign Order of Saint John of Jerusalem -- Knights of Malta -- during the 1970s. I do not know the precise dates during which Mr. Capell was head of this organization. In any event, I subscribed to the late Frank A. Capell's newsletter, The Herald of Freedom, from the middle 1960s until his untimely death in October, 1980, and I still have all of these issues in my files. What is significant is that Mr. Romanoff began making the incredible allegations, which were cited in my November 22nd letter to you, at least as early as 1976. Yet no hint of any of these incredible allegations was ever published by Mr. Frank A. Capell in his Herald of Freedom. Obviously there was at least a four year period in which Mr. Capell had to have been aware of these allegations before his death in October, 1980, and yet Mr. Capell never mentioned any of them in his Herald of Freedom. I can only conclude that Mr. Capell never believed any of them. To compound the "Capell mystery", Mr. Capell repeatedly published Mr. Romanoff's charge that Henry Kissinger was/is a Soviet Agent, and he devoted his January 25, 1980, Herald of Freedom issue to this matter, i.e., the Romanoff and other charges against Henry Kissinger. As late as May 16, 1980, Mr. Capell referred to "H.I.H. Aleksei N. Romanoff" as a credible source of information regarding alleged Soviet Agents. This is very strange.

For your information, the late Guy Richards was initiated into Scroll and Key (Kingsley Trust) in 1927. Thus there was a real late Guy Richards, who did have an interesting U.S. Establishment connection, although his three books on the Romanoff Case were all anti-Establishment. The only possible way that the late Guy Richards could have been Nazi Reinhard Heydrich would have been if the real Guy Richards had been killed -- say in World War II -- and was then replaced by Nazi Reinhard Heydrich. Has this type of extremely remote possibility ever been researched/investigated? Another remote possibility that comes to my mind is this: Could Mr. Aleksei N. Romanoff possibly have been replaced with a double by the CIA and/or KGB, etc., presumably to discredit some of his original allegations? Could Mr. Romanoff possibly have been subjected to any form of CIA and/or KGB "Mind Control" or brainwashing, perhaps including the use of drugs? Has anyone ever tried to investigate any of these possibilities? I would like to know. So awaiting your reply, I am,

Very truly yours,

Richard A. Landkamer

Dear Dr. Vieira:

Thank you for your letter of November 9, 1985, which I note was not Postmarked until November 18th. Enclosed are photocopies of my "public" file of research into various conspiracies, etc. Also, enclosed are photocopies of the relevant materials that I have collected to date regarding the various "Knights of Malta" organizations. Most of these latter items were sent to me by others in my "research network". In fact, one person in particular sent me about 90% of my "Knights of Malta" file excluding my own correspondence and the Frontiers of Freedom issues from Mr. Frank D. Parsons. You will note that I wrote to Mr. Aleksei N. Romanoff on October 22, 1985, and by a quirk of timing to Mr. Salvatore T. Messineo on November 16, 1985.

I am particularly concerned about the following incredible allegations that Mr. Romanoff is alleged to have made as per various undated issues of Frontiers of Freedom:

- (1) Adolph Hitler was allegedly the British Duke of Clarence, also known as Jack the Ripper. The historical fact that the "Jack the Ripper" murders occurred in 1888, and that Hitler was not born until 1889, would appear to make this impossible.
- (2) The late Guy Richards, who wrote three books regarding the Romanoff case and claims, was allegedly a top Nazi by the name of Reinhard Heydrich.
- (3) Top Nazi Martin Bormann allegedly came to the United States after World War II, and Bormann allegedly assumed the identity of Julien G. Sourwine, who was for years Chief Counsel for the now defunct U.S. Senate Internal Security Subcommittee.

Did Mr. Romanoff actually make any of the above incredible allegations? Or are some of Mr. Romanoff's "supporters" merely alleging that he made these allegations in an obvious attempt to discredit his credibility? I am sure you will agree that if Mr. Romanoff actually did make any of these incredible allegations, then these allegations would have a direct bearing on Mr. Romanoff's credibility with regard to his alleged true identity. Hence, I cannot just ignore these allegations.

In 1975, the late Guy Richards wrote The Rescue of the Romanovs. In "About the Author" in this book, it is stated that Guy Richards was in the U.S. Marines in the Pacific during World War II, and that "he ended World War II as a Marine major, and is now (1975) a lieutenant colonel in the United States Marine Corps Reserve." I submit that it is manifestly impossible for the same man to have fought in the same war on two different fronts for two opposing countries at the same time. If there is any "hard evidence" that Guy Richards was actually Nazi Reinhard Heydrich, then I sure would like to have it, and I'm willing to pursue any Freedom of Information Act (FOIA) inquiries that might help to get at the bottom of this matter.

During the middle and late 1960's I had considerable correspondence with the late Frank A. Capell, who I understand headed up the Sovereign Order of Saint John of Jerusalem — Knights of Malta — back in the 1970s. I subscribed to Frank A. Capell's Herald of Freedom until he died in October, 1980. I did not always see eye to eye with Frank Capell, but what is relevant here is that in the middle 1960's Mr. Capell was a staunch defender of Mr. Julien G. Sourwine. I find it incredible to believe that Frank Capell would have supported Mr. J. G. Sourwine if he thought that Sourwine could have possibly been Nazi Martin Bormann. If you would like to discuss any of this with me, my unlisted home telephone number for nights and weekends is (713) 686-6309. So awaiting your response, I am,

Very truly yours,

Richard A. Landkamer

Dear Mr. Landkamer:

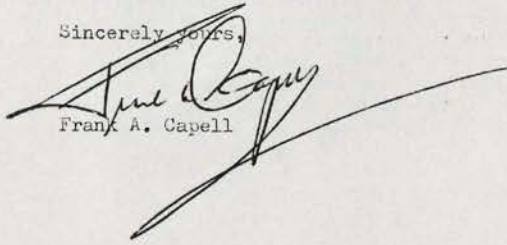

Your letter requesting certain issues of the Herald of Freedom has been received and the issues are being sent to you under separate cover.

There is such a thing as having confidence in people based on their years and years of service to the cause. You are inclined to take issue with anyone who disagrees with you and regardless of what Mr. Sourwine said or did not say, I know he is a sincere patriotic American. I trust him implicitly and I would automatically assume that he has a reason for saying and doing whatever does and you will do no service to our cause or our country by trying to undermine, discredit, or embarrass Jay Sourwine, who has done more to expose the conspiracy than anyone since the days of the late Senator Joseph McCarthy and former Congressman Dies.

Unless you intend to be a one-man operation, you must have trust and confidence in some people and if you have this, you will not try to embarrass them or provoke people to take action which might silence them.

You are, of course, free to do whatever you wish and in the end you will find as I have, on the basis of a lifetime of fighting the conspiracy, who the true patriots are.

Sincerely yours,

Frank A. Capell

Dear Mr. Landkamer:

I am an attorney who represents Mr. _____ informed me that you were investigating various "Knights of Malta" groups operating in the United States, and also interested in the controversy surrounding H.I.H. Aleksei Nicholaevich Romanoff (a/k/a Michael Goleniewski). At the present time, I represent the Sovereign Order of Saint John of Jerusalem -- Knights of Malta (Order), with headquarters in Reading, Pennsylvania. H.I.H. Aleksei Nicholaevich Romanoff is the Imperial Protector of the Order.

The Order is one of several groups in the United States claiming descent from the original Knights of Malta, and one of but two such groups known to me that can substantiate its claim. In 1798-1799, the original Knights were driven from Malta by the French, and dispersed into several contingents that sought protection under the monarchs of Russia, Austria, and Spain, and under the Pope. The majority of Knights settled in Russia, selecting Tsar Paul I as their new Grand Master, and establishing a new Russian Grand Priory. After the assassination of Paul I, his son Tsar Alexander I assumed the position of Imperial Protector of the Order, which position succeeding Tsars held through the reign of Tsar Nicholas II. In 1908-1911, leading Knights relocated the Russian Grand Priory to the United States, where it became the American Grand Priory of the Sovereign Order, continuing up to today. In 1913, Russian Grand Duke Alexander was elected Grand Master, holding that office until his death in 1933. In the late 1960's and early 1970's, the Order discovered the existence of H.I.H. Imperial Highness Aleksei Nicholaevich Romanoff, after his escape from communist Poland, and petitioned him to accept the traditional hereditary position of Imperial Protector, based on the Order's detailed investigation and ultimate determination that he is, in fact, the Tsarevich and Grand Duke, and son of H.I.M. Nicholas II. Since 1976, His Imperial Highness has been the Imperial Protector of the Order.

The second legitimate "Knights of Malta" group in the United States is the so-called "Papal Order", the Sovereign Military Hospitaller Order of St. John of Jerusalem, of Rhodes and of Malta (SMOM). SMOM is the descendant of the group of original Knights, mostly Italian, who placed themselves under

the protection of the Vatican on the fall of Malta, thereafter coming under its complete control as well. SMOM has three affiliated corporations in the United States, the president of the most prestigious of which is J. Peter Grace.

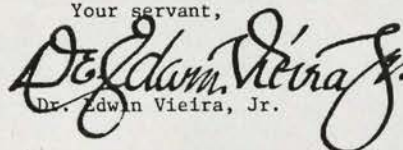

To my knowledge, no other "Knights of Malta" group in the United States is legitimate, strictly speaking. Several derive from splinter-groups of dissidents who were members of, but broke off or were expelled from, the Russian-American Order during the 1960's. For example, one group with headquarters apparently in Houston, Texas, which claims the sanction of King Peter of Yugoslavia, openly admits its origin in such a factional dispute. Another group, with headquarters in Benton, Tennessee, pretends that it consists of so-called "hereditary knights" who have autonomous powers -- even though its own members either never were admitted to the Order in the first place, or were expelled therefrom for cause.

At the present time, the Order is involved in litigation with two such pretender "orders" and with SMOM. The litigation with the pretenders involves the question of legitimacy: namely, which group is entitled to represent itself as the true Russian-American Order. The litigation with SMOM involves the registration of one of the Order's trademarks, and turns on rather technical points of trademark-law, rather than on questions of "legitimacy" and so on.

For further information on the Order, I suggest that you write directly to H.E. Salvatore T. Messineo, Lieutenant Grand Master and American Grand Prior, O.S.J., Route 3, Box 3908, Reading, Pennsylvania 19606.

I should very much appreciate copies of any material you might acquire concerning the Order, SMOM, or any other "Knights of Malta" groups operating in this country; or concerning H.I.H. Aleksei Nicholovich Romanoff. If you have any questions regarding the on-going litigation, I shall be pleased to provide you with whatever information may be released consistently with court rules and attorney-client confidentiality.

Your servant,

Dr. Edwin Vieira, Jr.

Mr. Salvatore Messineo

Dear Mr. Messineo:

Enclosed are photocopies of my "public" research file into various aspects of conspiracy. Recently I began researching some of the different unrelated organizations that have "Knights of Malta" as part of their official name. I tried writing to your organization on October 6, 1985, but my letter was returned by the Post Office marked "Deceased". I have since obtained some conflicting information/allegations about your organization from a few different sources. Perhaps the most astounding allegations have come from Mr. Frank D. Parsons, who sent me your name and address, and who publishes Frontiers of Freedom, P.O. Box 1942, Bellevue, WA 98009. But before I get into the allegations of Mr. Parsons, I have two other questions:

(1) Enclosed is a photocopy of an undated article attacking your organization, entitled "Knights and Daze", by Julio J. Pro, M.D. You will note that Mr. Pro alleges that your Knights of Malta falsely claims to be a Catholic organization, but that your organization also accepts non-Catholics and Freemasons as members. Are these allegations true? Is your organization affiliated with the Catholic Church?

(2) What is your organization's position regarding secret societies and Freemasonry? Is your Knights of Malta a secret society? If not, will you send me your membership list? Please send me some information about your organization.

As I stated above, the most astounding allegations have come from Mr. Frank D. Parsons, who publishes Frontiers of Freedom. The first strange thing about Frontiers of Freedom is that none of its issues contain any date or issue number, etc., which makes it impossible to identify any specific issue, or to know precisely when a specific issue was published. In any event, according to Frontiers of Freedom, your organization is a staunch supporter of the man who claims to be Aleksei Nicholaevich Romanoff. (You will note that I wrote to Mr. Romanoff on October 22, 1985, but have not received any reply to date.) I have confirmed through other sources that your organization is supporting Mr. Romanoff's claims with regard to his alleged true identity. However, according to Frontiers of Freedom, Mr. Romanoff is alleged to have made the following other fantastic allegations:

(1) Adolf Hitler was allegedly the British Duke of Clarence, also known as Jack the Ripper. The historical fact that the Jack the Ripper murders occurred in 1888, and that Hitler was not born until 1889, is conveniently overlooked.

(2) The late Guy Richards, who wrote three books regarding the Romanoff case and claims, was allegedly a top Nazi by the name of Reinhard Heydrich.

(3) Top Nazi Martin Bormann allegedly came to the United States after World War II, and Bormann allegedly assumed the identity of Julien G. Sourwine, who was for years Chief Counsel for the now defunct Senate Internal Security Subcommittee.

Please understand that I have no proof that Mr. Romanoff made any of the above three allegations, i.e., I have only some issues of Frontiers of Freedom which allege that Mr. Romanoff made these incredible allegations. As for the allegations themselves, some old photographs are offered as "proof". From my research into the JFK Assassination, I have discovered how controversial and unreliable photographs can be. In any event, since your organization supports Mr. Romanoff, I would like to have your position in this matter.

Very truly yours,

Richard A. Landkamer

Dear Mr. Romanoff:

Sometimes history seems to go "full circle". I remember trying to research/investigate your case and allegations for approximately five years about 15 to 20 years ago, i.e., from approximately 1966 through 1970. At that time I was particularly interested both in your alleged real identity, as well as the allegations you had made concerning Soviet KGB agents in the U.S. Government. After 1970 I gradually lost contact with your case. Only recently have I learned -- quite by accident -- that you are still alive, and that some of your claims for the Romanoff inheritance are still in active litigation. Hence, I'm writing for whatever information that you can send to me regarding your claims. I understand that you have published a document called your "White Book". If at all possible, I would like to have a copy for my files. Also, I would appreciate any information that you can send to me regarding the Sovereign Order of Saint John of Jerusalem -- Knights of Malta, which I understand is or at least was actively involved in assisting you with your case. If there is any cost for any of this information, please let me know.

Enclosed are photocopies of my "public" file of research into various aspects of conspiracy, which I have pursued for about the last two years. From approximately 1971 until two years ago, I had pretty much lost interest in politics and researching/investigating conspiracies, etc. Then about two years ago, I discovered the secret Skull and Bones society, as exposed by Dr. Antony C. Sutton. This organization calls itself "The Order", which does not seem to mean too much, since I find that just about every secret society -- whether stemming from Masonic origins or from somewhere else -- refers to themselves as "the order" or "our order", etc. I don't know if you have read any or all of the four books published to date in Dr. Sutton's "Order" series, but if you have, then you know what I am referring to. Incidentally, if you read the first three paragraphs of the Author's Preface to An Introduction To The Order, you have a fairly concise summary of my own personal philosophy immediately before I began trying to research/investigate some of Dr. Sutton's charges regarding "The Order", which in this case is Skull and Bones. However, what really convinced me that Dr. Sutton was on to something was the adamant insistence of U.S. Vice President George Bush that I must go to Yale University for all information regarding his (Bush's) membership in and involvement with Skull and Bones.

Although I originally confined my efforts to trying to research Dr. Sutton's charges concerning Skull & Bones, more recently my efforts have broadened into other aspects of conspiracy research. If you have any comments to make regarding any of the enclosed, I would greatly appreciate having them -- whether you wish to contribute to my "public" file or my confidential file. I would be particularly interested in your answers to these three questions: (1) Is there any one "Master Conspiracy" that largely controls all other conspiracies? If so, what is this "Master Conspiracy"? (2) Why do the Monopoly "Capitalists", who theoretically would have the most to lose if the Soviets took over the world, go right on financing/subsidizing the Soviet Union without manifesting the slightest concern that they may be digging their own graves? Do these Monopoly "Capitalists" secretly control the Kremlin, or have they created a Frankenstein Monster that they no longer control? (3) How accurate are Dr. Sutton's conclusions regarding the Hegelian Dialectic as being the key to understanding modern history, as well as the operational history of Skull & Bones, etc.? Thank you. Awaiting your reply, I am,

Very truly yours,

Richard A. Landkamer

Sovereign Order of Saint John of Jerusalem ©
* *Knights of Malta* *

During the past 900 years this religious and military order of knighthood has been known under various names, such as Hospitallers, Knight Hospitallers, Knights of Hospitallers of Jerusalem, Order of the Hospital of Saint John of Jerusalem, Knights of Saint John, Knights of Jerusalem, Knights of Cyprus, Knights of Rhodes, Knights of Malta, and Order of Malta.

Since the 17th century this noble Order has been known as the Sovereign Order of Saint John of Jerusalem.

The origin of the Order dates back to about 1050 A.D., when a group of religious laymen from Italy and France went to Palestine and obtained permission from the ruling Caliph of Jerusalem, permission to erect a hospital for the use of the sick and poor Latin pilgrims visiting the Tomb of Christ.

Pilgrims in ever increasing numbers faced the dangers of travel by land and sea to visit the Tomb of Christ. This wave of Christian enthusiasm culminated in the Crusades.

In the eyes of Christian Europe the Hospitallers were the incarnation of the ideal which brought about the Crusades.

In 1530 the Order was given as a gift the island of Malta. The Emperor Charles V signed a charter which vested the Order of Saint John of Jerusalem with complete and perpetual sovereignty over the island of Malta, Gozo and the city of Tripoli.

In 1798 Malta was taken over by Napoleon and the Knights of Saint John of Jerusalem were given a headquarters in Russia, who became their protector with the help of the Emperor Paul I of Russia who was the Protector of the Order, and later its Grand-Master.

Due to the unrest in Europe and the encroachments of Socialism and the Revolution of 1905 in Russia the Knights of St. John of Jerusalem secured approval for their move to the United States in the year 1911. In the year 1913 His Imperial Highness the Grand Duke Alexander of Russia was selected and elected the 71st Grand Master of the Order.

The headquarters of the organization is now located on 34 acres in the mountains of northeastern Pennsylvania. It is at this location that the Knights of St. John of Jerusalem meet and assemble, defend and protect the Christian religion, and carry on the religious and charitable work of the famous Hospitallers.

After intensive investigation and research the Knights of St. John of Jerusalem formerly declared that Aleksei Nicholaevich Romanoff was the rightful Heir to the All-Russian Imperial Throne. As a result of this finding, the Knights of St. John of Jerusalem pledged an irrevocable allegiance and petitioned his imperial Protection-as did his illustrious ancestor, Emperor Paul I-to the Religion, as specifically represented by the American Grand Priory presently headquartered in Reading, Pennsylvania in the United States of America.

At the same time Aleksei Nicholaevich Romanoff, the Heir to the All-Russian Imperial Throne, Tsarevich and Grand Duke of Russia, acknowledged the American Grand Priory of the Order-presently headquartered in Reading Pennsylvania to be the only legitimate descendant of the Order of Malta and the Grand Priory of Russia; that it is the sole continuation of the Ancient Order which he was familiar with in Russia. This was witnessed on March 25th, 1981.

IN OTHER WORDS, THE KNIGHTS OF ST. JOHN OF JERUSALEM- KNIGHTS OF MALTA-HEADQUARTERED IN READING PENNSYLVANIA IS THE ONLY LEGITIMATE HISTORICAL CONTINUATION OF THE SAME ORDER OF MALTA AND GRAND PRIORY OF RUSSIA PLACED UNDER THE PROTECTION, IN 1797, OF HIS IMPERIAL MAJESTY, EMPEROR AND AUTOCRAT PAUL I OF RUSSIA. (WHO BECAME THE 70th GRAND MASTER OF THE ORDER IN 1798)

A Joint Proclamation

The American Grand Priory of the Sovereign Order of Saint John of Jerusalem - Knights of Malta - the only legitimate historical continuance of the same Order of Malta and Grand Priory of Russia placed under the protection, in 1797, of His Imperial Majesty, Emperor and Autocrat Paul I of Russia, (who became the 70th Grand Master of the Order in 1798), and in which the central seat of the Order's government was reposed in 1908, and which to this day is the recognized legal guardian of the name, prerogatives, rights, privileges, and Great Seal of the Order, hereby proclaims:

ALEKSEI NICHOLAEVICH ROMANOFF to be the rightful Heir to the All-Russian Imperial Throne (the only son and heir of the late H.I.M. Emperor Nicholas II Aleksandrovich of Russia - who was Tsar-Grand Cross of the Sovereign Order of Saint John of Jerusalem), the Tsarevich and Grand Duke of Russia, and Head of the Russian Imperial House of Romanoff.

FURTHER: That this positive identification has been proven beyond all reasonable doubt and is supported by documentation and affidavits in the Archives of the Order, more especially, by exhaustive tests conducted by the United States Central Intelligence Agency, and by independent investigation and confirmation of the United States Department of Justice - Internal Security Division, the Academy for Scientific Investigation, and the Committee to Restore the Constitution.

Therefore, the undersigned, on behalf of the Sovereign Order of Saint John of Jerusalem - Knights of Malta, pledge an irrevocable allegiance, and petition His Imperial Highness to publicly extend his singular recognition and Imperial Protection - as did his illustrious ancestor, Emperor Paul I - to the Religion, as specifically represented by the American Grand Priory presently headquartered in Reading, Pennsylvania in the United States of America.

Signed and sealed this 25th day of March in the 1981st year of our Lord, Jesus Christ, on the Feast of the Annunciation of the Blessed Virgin Mary.

I, Aleksei Nikolaevich Romanoff, the Heir to the All-Russian Imperial Throne, Tsarevich and Grand Duke of All Russia, the August Alaman and Head of the Russian Imperial House of Romanoff, Imperial Protector and Tsar-Grand Cross of Justice of the Sovereign Order of Saint John of Jerusalem - Knights of Malta and Russia and America, being further identified as described in Identification Certificate NY-21547790, also known under a security cover-identity in exile and underground in Poland as "Michael M. Goleniewski", and under a fictitious security cover-name in the United States since 1961 as "F.R. Oldenburg" (N.R. 5507 and A.R.R.C. IMPERIAL PROTECTION of the Sovereign Order of Saint John of Jerusalem - Knights of Malta, granted by my forefather, Emperor and Autocrat Paul I of Russia, and never revoked by the Imperial House of Romanoff, is re-affirmed and proclaimed anew and forever on behalf of the American Grand Priory.

FURTHER: So that the enemies of Christianity may not prevail, I acknowledge the American Grand Priory of the Order - presently headquartered in Reading, Pennsylvania, and represented by the undersigned - to be the only legitimate descendant of the Order of Malta and the Grand Priory of Russia; that it is the sole continuation of the Ancient Order with which I was formerly in Russia, and that it is the legal and historical heir to the rights and privileges of the Religion.

Accepting their allegiance and freely extending my Imperial Protection, I set my hand and seal this 25th day of March (March 12th - Old Style) in the 1981st year of our Lord, Jesus Christ.

As the Imperial Protector of the Order of St. John, Aleksei Nicholaevich Romanoff the Grand Duke of Russia has the responsibility to see to it that the organization is not infiltrated by anti-Christians. When the Convention of Knights of the Grand Priory of America reaffirmed and proclaimed Aleksei Nicholaevich Romanoff the Grand Duke of Russia as the Imperial Protector of the Order of St. John of Jerusalem, it caused panic among the infiltrators who were shocked by the contents of a press release of May 30, 1981, which had been sent by the Independent News Alliance to more than 2000 newspapers in the Western World including this country. This press release contained the proclamation that Aleksei Nicholaevich Romanoff the Grand Duke of Russia was now the Imperial Protector of the Order.

This News Release, because of its contents started a reaction among the infiltrators and imitating organizations plus the one world conspirators that is still going on.

This News Release stated: (excerpts) ".....In a separate interview in the office of Independent News Alliance, Aleksei Nicholaevich Romanoff elaborated his claim to a share of the 38 billion in tsarist gold and platinum being salvaged by a Japanese company.....Romanoff is being assisted in his legal costs by the Sovereign Order of Saint John of Jerusalem, Knights of Malta....when its Knights were expelled from Malta during Napoleonic times they were taken under the Protection of Emperor Paul I of All-Russia.... Today, the Sovereign Order recognizes Aleksei Nicholaevich Romanoff as its Imperial Protector and after an investigation of his claims and credentials, he is listed in its official literature as H.I.H. Tsarevich and Grand Duke of Russia. Romanoff says that he does not seek the billions for his personal welfare.....'My plan is to turn over 40 per cent of my share of the treasure to the Sovereign Order for their hospital and medical charities... I will stipulate some of it go to the Hemophilia Foundation.... The remaining 60 per cent of my share will be dedicated to Russian and American National and Religious causes in the Western World.....' he said...." (unquote)

This announcement which alerted the world conspirators to the possibility of a Christian organization receiving a substantial amount of finances resulted in a variety of attempts to dissolve the organization by various methods.

1. Russia would like to receive this gold and to do so would have to eliminate Romanoff as the rightful owner. As a result they have instigated various actions to do so. One of these actions is described as follows: An elaborate plan was formulated by the Soviet controlled Synod of Bishops of the Orthodox Church to perpetuate the hoax that Czar Nicholas II and his wife Alexandra, and their children were murdered by the Bolsheviks in 1917. The Synod of Bishops of the Russian Orthodox Church in the United States (under Soviet control) CANONIZED THEM AS MARTYRED SAINTS ON HALLOWEEN NIGHT Oct. 31, 1981. The sole purpose being to brand Aleksei Nicholaevich Romanoff, the son of Czar Nicholas II, as an imposter so that the Soviets could receive the money from Japanese salvaged Tsarist treasure.
2. An attempt is being made by European ex-Knights to take over the Knights of St. John of Jerusalem by legal action and thus place the organization in the hands of the one world conspirators.

AS A RESULT OF THE ABOVE SITUATION, ALEKSEI NICHOLAEVICH ROMANOFF THE PROTECTOR OF THE KNIGHTS OF ST. JOHN OF JERUSALEM HAS HAD TO PROCLAIM A CONDITION OF EMERGENCY AS SHOWN ON NEXT PAGE.

This emergency proclamation was made so that the Christian Knights would be informed about the attempted conspiratorial takeover of the Knights of St. John of Jerusalem by anti-Christians. As a result a number of former Knights were expelled from the organization because of their membership in secret societies such as the Masonic organizations, the Identity movement, and other anti-Christian groups. At present the Knights of St. John of Jerusalem are under a legal attack which is depleting their finances because of the prolonged costs of defending the Order against these well financed attacks against them.

These attacks by anti-Christian forces are emanating from Europe as well as America and have no foundation in truth and amount to a harassing operations with a chance that the conspiracy will be able to takeover the organization by means of illegalities.

As you may know Christianity is under a massive attack by the anti-Christian satanists who are working for a one world government with them at the helm. They have infiltrated the leadership of a number of Christian groups such as the World Council of Churches, The National Council of Churches, and many other smaller Church organizations.

THE OBJECT OF THESE ONE WORLD SATANISTS IS TO GET CONTROL OF THE VARIOUS CHRISTIAN ORGANIZATIONS AND USE THEM AS A FRONT TO TAKE OVER THE WORLD. A good example of this is the publicity we hear today on LIBERATION THEOLOGY which they are trying to promote with the various Christian Churches as a front for the Marxists and Communists to work behind. They even mention this as MARXIST-CHRISTIANITY which is a horrible contradiction in the meaning of words. We hear a lot about Liberation-Theology in the takeover of the Caribbean by the Communists with the help of duped Christians.

Dear Brother in Christ John:

The anticipated attack upon the Order by the Freemasonic-Communist forces was averted. The King of England, the Russian Orthodox Church Outside of Russia, and the Russian Orthodox Church in America have all publicly stated that they do not represent the Russian Orthodox people (and is believed to be an arm of the Soviet apparatus) recently announced that to be an arm of the Soviet apparatus. The entire Imperial Russian Family which they falsely claim were murdered in 1918.

This is an extremely clever propaganda effort on their part for a takeover of the Order. The Order is not involved in this action and you can well imagine in trying to offend the Order. The Order is not involved in this action and you can well imagine in trying to offend the Order. The Order is not involved in this action and you can well imagine in trying to offend the Order.

In addition, I have enclosed a reprint from the National Democratic Policy Committee Report of June 15, 1981. It is a reprint from the National Democratic Policy Committee Report of June 15, 1981. It is a reprint from the National Democratic Policy Committee Report of June 15, 1981. It is a reprint from the National Democratic Policy Committee Report of June 15, 1981.

Finally, I have included a copy of my letter of October 23, 1981 to one of our Knights who is genuinely concerned about the security of our numbers. I hope the content is self-explanatory.

The cost of conducting the business of the Order has risen tremendously during the past six months. Except for a handful of donations from the past six months, the Order is in a financial crisis. Please remind those in your care that donations for the Order are urgently needed.

Sincerely yours in Christ,

Gentlemen:

I am currently researching the Knights of Malta, as I have read much contradictory information about this organization. I began my research with the impression that there were probably at least two separate independent organizations calling themselves the Knights of Malta. You will note from the enclosed photocopies that

these Knights of Malta organizations are suing each other over the use of their name.

If at all possible, I would greatly appreciate your sending me the same information about your organization that I have requested from Mr. J. Peter Grace. Also, I understand that your Knights of Malta is involved in the litigation of the claims of Aleksei Nicholaevich Romanoff to inherit the money left by his alleged father, Czar Nicholas II of Russia. It has been alleged to me that these claims include \$40 million in gold that was on a Russian battleship when it was sunk in Japanese waters, and that the Japanese salvaged this gold and are currently holding it pending determination of its rightful owners. Since I understand that your organization is involved in this litigation, I would appreciate any additional information you can send.

Thank you.

Very truly yours,
